SUMMARY

Computer Science Engineer with hands-on experience in Java, Full Stack Development, REST APIs, and AI-based projects. Built scalable web applications and research-oriented navigation systems through internships and hackathons.

SKILLS

Programming: Java.
Databases: MySQL, MongoDB.
Frontend: HTML, CSS.
Backend: Node.js.
Concept: OOP, DBMS.
Tools: VS Code, GitHub.
Soft Skills: Adaptability, Leadership.

PROJECTS

LEO-PNT: Resilient Navigation Using Signals of Opportunity

- Investigated alternative Positioning, Navigation, and Timing (PNT) techniques leveraging Low Earth Orbit (LEO) satellite signals.
- Modeled Doppler-based navigation measurements from orbital trajectories generated through SGP4 propagation.
- Explored sensor fusion approaches combining IMU data and satellite observations using Extended Kalman Filter concepts.
- Evaluated navigation continuity strategies for GNSS-denied and interference-prone environments.

AariWork: Online Aari Design and Measurement Management System

- Developed a responsive web application enabling customers to browse Aari work designs, select preferred patterns, and submit body measurements online.
- Designed and integrated REST APIs using Node.js to manage customer registrations, measurement details, design selections, and admin operations.
- Implemented database management using MongoDB to securely store customer information, design catalogs, and order records.
- Built an admin dashboard to monitor customer requests, manage design collections, verify measurements, and update order status efficiently.

EXPERIENCE

Full Stack Intern : 02/06/2025 - 19/06/2025

- Developed responsive web applications using React (front-end) and Node.js (back-end).
- Designed and integrated REST APIs and managed databases with MongoDB/MySQL.
- Optimized application performance, debugged issues, and enhanced user experience.
- Practiced Git version control, agile workflows, and efficient deployment strategies.

EDUCATION

- **Bachelor of Engineering (B.E.) in Computer Science & Engineering** • ***2023 – 2027***
  Kongunadu College of Engineering and Technology, Trichy • 7.60
- **Higher Secondary Certificate (12th Grade)** • ***2023***
  Sri Vidya Mandir Matric Hr.sec School, Salem. • 69%
- **Secondary School Certificate (10th Grade)** • ***2021***
  Sri Vidya Mandir CBSE School, Salem. • 78%

CERTIFICATIONS

INFOSYS SPRINGBOARD:

- Principles of Generative AI Certification
- Prompt Engineering

NPTEL:

- Internet Of Things

ACHIEVEMENTS

- Smart India Hackathon 2025 Finalist
- India AI Impact Buildathon 2026 Finalist (Guvi / HCL)
- Idea presentation in Sona College, Salem - 1st prize

HOBBIES

- Singing
- Travelling
