ACHIEVEMENT

Pursuing an **Honour** degree in ECE stream under the Regulation 2021 of Anna University.

TECH SKILLS

- MATLAB
- WOKWI
- HTML
- CSS
- PYTHON

LANGUAGES

- Tamil (Native)
- English (Fluent)
- Hindi (Writing)

CAREER OBJECTIVE

Aspiring to build a successful and rewarding career as an electronics hardware engineer by designing and developing innovative, real-time hardware systems, gaining expertise in emerging technologies and contributing to impactful solutions that advance modern electronics and embedded applications.

EDUCATION

Schooling: Vivekananda Kendra Vidyalaya Matric Hr. Sec. School, Vallioor.
Percentage scored in SSLC: *84%*
Percentage scored in HSC: *88.6%*

College: University College of Engineering Nagercoil.
(A Constituent College of Anna University, Chennai.)
Degree: BE in Electronics & Communication Engineering
CGPA: *8.25*

INTERNSHIP

1) Embedded Systems at CodeBind Technology, Coimbatore.

Outcome of the Internship: Developed an obstacle detection system for a self-driving car using ultrasonic sensors and an Arduino UNO controller, implemented on the Wokwi simulation platform.

2) Web App Development at Brassy Technologies, Tirunelveli.

Outcome of the Internship: Developed front-end features including login page, profile creation, advertisement notice, and grid layout using HTML and CSS.

PROJECTS

1. **Vehicle Number Plate Detection** using Image processing techniques in MATLAB.
2. **Automatic Obstacle Detection** System using Arduino UNO.
3. **Real-Time Obstacle Detection & Traffic Signal Identification** using YOLOv3.
4. **A Front-end project of creating an Instagram app page** with user profile in VS Code.
