# KAVEENKUMAR I

Aspiring Software Engineer

+91 8098154408 • kaveenkumar2612@gmail.com • linkedin.com/in/kaveen-kumar-kaveen2004
8/3877A2, J.P. Nagar, Tiruppur - 641602, Tamil Nadu, India

## TECHNICAL SKILLS

**Design**
Responsive layouts, cross-browser compatibility, UI styling

**Scripting**
JavaScript (basics)

**Programming**
Java, SQL

**Backend / DB**
Spring Boot, REST APIs, MongoDB, Relational Databases

**Tools**
Microsoft Excel

## CERTIFICATIONS

- NPTEL — Internet of Things (78%): connected devices, sensors, and IoT applications.
- Cisco Networking Academy — Getting Started with Cisco Packet Tracer.

## AWARDS

**First Prize — Agriculture Information Hub**
Nandha Educational Institutions Innovation Day. Built a web application using HTML, CSS, JavaScript, and Java delivering real-time agricultural updates, crop information, and market trends for farmers.

## LANGUAGES

English • Tamil

## PROFILE

Aspiring Software Engineer pursuing MCA, with a solid base in Java, SQL, Spring Boot, and database-driven applications, plus hands-on deep learning experience in medical image analysis. Builds clean, responsive, and accessible web pages using semantic HTML5, CSS3, Flexbox, Grid, and media queries. Experienced in end-to-end project work from database design to front-end integration.

## PROJECTS

### Deep Learning-Based Brain MRI Analysis for Multi-Disease Detection

*DenseNet121, Transfer Learning, Grad-CAM*

Built an 8-class brain MRI classifier on DenseNet121 (ImageNet-pretrained, fine-tuned) to detect three Alzheimer's stages, three brain tumor types (glioma, meningioma, pituitary), multiple sclerosis, and normal scans from 11,955 images. Reached 99.16% test accuracy and 99.18% macro F1 on 2,391 unseen images, with a Grad-CAM module that highlights the regions behind each prediction.

### Agri ChatBot

*HTML, CSS, JavaScript, Java*

Developed an agriculture chatbot with a custom-styled, interactive front-end in HTML and CSS, giving farmers information on crops, fertilizers, weather updates, and farming techniques.

### E-commerce Website

*HTML, CSS, Spring Boot, MongoDB*

Built responsive product listing and checkout pages in HTML and CSS, with user authentication, product management, order processing, and a payment workflow.

### Smart Billing System

*Spring Boot — Freelance Project*

Delivered a billing system covering invoice generation, customer management, product tracking, and payment records, improving business efficiency and billing accuracy.

### Student Management System

*Java, SQL*

Created a system to add, update, delete, and retrieve student records, using Java for backend logic and SQL for database management.

## EDUCATION

### Nandha Engineering College, Erode

*MCA (Pursuing) | Aug 2025 - May 2027 | 82%*

Strengthening expertise in software development, databases, and modern web technologies including HTML5, CSS3, and responsive design.

### Nandha Arts and Science College, Erode

*B.Sc. Computer Science | Aug 2022 - May 2025 | 86%*

Foundation in programming (Java), web technologies (HTML, CSS, JavaScript), data structures, and databases.

### Sivasakthi Matric Higher Secondary School

*HSC (12th) | 77%*

Academic foundation in mathematics and computer science.
