SKILL SET

Technical Skill:

- PLC - Ladder Logic, HMI and SCADA Basics
- Communication Protocols-Basics

Soft Skills:

- Leadership
- Communication
- Problem-solving skills

AREA OF INTEREST

- Industrial Instrumentation
- Digital Electronics

EDUCATION

B.E. Electronics and Instrumentation Engineering - CGPA 7.67 / 10
Kongu Engineering College (2023-2027)

HSC - 85%
CGM Hr. Sec. School (2022 – 2023)

SSLC
CGM Hr. Sec. School (2020 – 2021)

CERTIFICATIONS

- **CadenceChipDesign,** by Abhiyantha (6th semester)
- **Semi -Autonomous Robotics,** by ARTPARK & IISc Bangalore (4th semester

INPLANT TRAINING

- **PowerTech**–Exposure to industrial electrical systems and maintenance.
- **Agni Steels** – Observed industrial automation and process monitoring systems.

LANGUAGES

- Kannada
- English
- Tamil

CAREER OBJECTIVE

I'm an Electronics and Instrumentation Engineering student with a strong interest in process control, automation, and instrumentation systems. I'm looking to start my career with a core engineering organization where I can apply my technical skills to real-world industrial projects.

ACADEMIC PROJECTS

- **FreshCheck– Fish Freshness Monitoring System**

Developed an ESP32-based real-time fish freshness assessment system using gas and temperature sensors to detect spoilage and provide a quick, reliable indication of fish freshness for practical quality monitoring.

- **Precision Moisture Control - Paddy**

Developed an automated moisture monitoring and control system for paddy. Integrated moisture, temperature sensor to monitor grain conditions in real time and automate heater control for maintaining optimal storage conditions.

ACHIEVEMENTS

- Won 3rd Prize for paper presentation on 'Measuring the Speed in Gases' at Ramakrishna Engineering College – 2024.
- Presented 'MEMS in Health Care' at KPR Institute of Engineering and Technology – 2025.
- Presented 'Sea Food Quality Checker' at Kongu Engineering College won 2nd Prize – 2026.

LEADERSHIP

- Project Team Leader – Led a multidisciplinary team in planning, coordinating, and developing embedded system projects, ensuring effective task management and successful project execution.
- NSS Volunteer – Participated in community service activities, awareness programs, and social welfare initiatives while working effectively as part of a team.
- Rotaract Club Executive Member – Organized club events, coordinated volunteer activities, and contributed to community service initiatives.
