MURALIGANTH G

Salem, Tamil Nadu | +91-9597981001 | muraliganth2357@gmail.com | linkedin.com/in/muraliganth-g-84526a295

PROFESSIONAL SUMMARY

Motivated and detail-oriented Cybersecurity enthusiast with hands-on exposure to SOC operations, SIEM concepts, Wazuh, AWS, networking, Windows, endpoint security, and threat intelligence.
Familiar with security monitoring, alert analysis, log analysis, incident response, vulnerability management, and basic Root Cause Analysis (RCA).
Strong interest in building practical cybersecurity skills and contributing to a security-focused team.

CORE TECHNICAL SKILLS

Cybersecurity – SOC Operations, Threat Intelligence, Incident Response, RCA
Security Tools – Wazuh, Endpoint Security, EDR concepts
Cloud & Network – AWS fundamentals, Networking, TCP/UDP, Ports, VPN fundamentals
Windows – Windows administration basics, Event Logs, File Handling, System fundamentals
Programming – Python, Socket Programming
Security Analysis – Alert Triage, Log Analysis, Vulnerability Management, Security Monitoring

---

SOFT SKILL

- Team work
- Time management

PROJECT EXPERIENCE

Target Port Scanner

- Developed a Python-based network port scanner to identify open and accessible ports on a target system.
- Used Python socket programming to test specified ports and determine whether services were actively listening.
- Supported scanning of a specific IP address or hostname, including single ports and port ranges.
- Displayed detected open ports clearly to support basic network exposure assessment and troubleshooting.

- Strengthenedpractical understanding of networking fundamentals, TCP/UDP ports, and basic security assessment.

Technologies: Python, Socket Programming, Networking Fundamentals

---

EDUCATION

B.Tech / B.E.– Cyber Security | Sri Shanmugha College of Engineering and Technology, Salem
Class XII – Tamil Nadu Board, 2023 | 45.83%
Class X – Tamil Nadu Board, 2021 | PASS

CERTIFICATIONS

- SOC Analyst Level1 – InfoSecLabs | September 28, 2026
- Null Origin CTF 2026 – CyberX | International Capture The Flag Competition | September 19, 2026
- CC – Course Pre-Assessment
- NPTEL – Programming in Java

LANGUAGES

English–WorkingProficiency | Tamil – Native/Fluent
