EDUCATION

Kongu Engineering College

B.Tech Artificial Intelligence and Data science

2022 - 2026

CGPA - 7.21

VethathiriMaharishi Matric Hr Sec School

HSC

2022 | 74.83 %.

VethathiriMaharishi Matric Hr Sec School

SSLC

2020 | 91.8%.

Professional Skills

- Data Analysis & Data Cleaning
- Team Collaboration
- Data Visualization (Power BI, Excel,Tableau)
- Task Coordination Analytical
- Python for Data Analysis (Pandas, NumPy)
- Dashboard Creation & Reporting

Technical Skills

- MS Excel(XLOOKUP,VLOOKUP Pivot Tables)
- Data Analysis(Tableau,Power BI)
- Data Visualization Database(sql basic)
- Basic python

KEY STRENGTHS

- Strong written and verbal communication skills
- Ability to work effectively in team based environments
- Good organizational and coordination abilities
- Quick learner with adaptability to new environments

Languages

- English (R,W,S)
- Tamil (R,W,S)
- Hindi (R,W)

PROFESSIONAL EXPERIENCE

Internship

Machine Learning Intern – Codesoft (Virtual Internship)

- Worked in a structured team environment with task assignments and deadlines.
- Collaborated with mentors and peers to complete project milestones.
- Developed strong documentation, reporting, and communication skills.
- Participated in regular review discussions and project presentations.

PROJECT WORKS

Hate Speech Detection

Developed a text classification model to detect caste and migration related hate speech. Preprocessed datasets and trained ML models using Python. Evaluated performance and prepared project documentation.

Currency Classifier for Visually Impaired

Built a deep learning system to recognize Indian currency and provide audio feedback. Trained image classification model using TensorFlow and OpenCV. Tested system accuracy and usability.

Fake News Detection

Created a fake news detection model using NLP techniques on regional datasets. Performed data preprocessing and model training. Evaluated results and contributed to research work.

Air Pollution Analysis in India

Analyzed air pollution data from 2020–2023 using Power BI and created interactive dashboards. Generated insights on AQI trends, pollutant levels, and city-wise air quality patterns.

PUBLICATIONS

- Caste and Migration Hate Speech Detection using Machine Learning
- Indian Currency Classification for Visually Impaired People
- Fake News Detection using Dravidian Language

WORK APPROCH

- Willing to learn and adapt quickly to new environments
- Organized approach towards tasks and deadlines
- Comfortable working in team-based projects
- Open to feedback and continuous improvement

CERTIFICATION COURCES

- Salesforce AI Specialist
- Responsible and safe AI Systems -NPTEL
