Industrial Intern

- Completed a 3-month industrial internship.
- Assisted in engineering operations and gained practical industry exposure.

Subzero Technologies, Coimbatore

Industrial Intern

- Completed a 2-week industrial training program.
- Acquired practical knowledge of engineering processes and technical workflows.

AI & Machine Learning Virtual Internship

Edunet Foundation (AICTE)

- Developed understanding of AI and Machine Learning concepts through practical assignments.

AI-ML Virtual Internship

Google India Edu Program

- Learned AI/ML fundamentals and real-world applications.

PROJECTS

AI-Powered Cassava Leaf Disease Prediction System
Real-Time Bus Route Information System
Gas Level Monitoring System
Automatic Foot Valve Condition Monitoring System

CERTIFICATIONS

NPTEL – Introduction to Internet of Things (Elite)
NPTEL – Cloud Computing
MATLAB Value Added Course
Arduino & ECAD Certification
Coursera Learnathon Certificate

ACHIEVEMENTS

First Prize – Circuit Debugging Competition (2023)
Presented Technical Paper on Automatic Indication of Foot Valve Condition
Participated in Smart India Hackathon (SIH) and MSME Programs
