PROFESSIONAL SUMMARY

Final-year Computer Science and Engineering student (CGPA: 8.84/10) with hands-on experience in Full Stack Development, UI/UX Design. Skilled in Java, C with proven project experience building web applications, e-commerce interfaces, and banking systems. Presented technical papers on Robotic Process Automation, Industrial IoT, and Reinforcement Learning at national-level conferences. Seeking a Software Developer / Full Stack Developer role to apply strong programming, problem-solving, and design skills.

TECHNICAL SKILLS

- Programming Languages: Java, C, Python
- Design & Prototyping Tools: Figma, UI/UX Design, Wireframing, User Flow Design
- Core Concepts: Full Stack Development, Data Structures, Robotic Process Automation (RPA), Industrial IoT, Reinforcement Learning, Cyber Security & Privacy
- Soft Skills: Leadership, Time Management, Team Collaboration, Adaptability, Quick Learning

CERTIFICATIONS (NPTEL)

- Introduction to Industry 4.0 and Industrial IoT — 92% (Elite with Gold)
- The Joy of Computing using Python — 71% (Elite)
- Programming in C — 66% (Elite)
- Cyber Security and Privacy — 56%

PROJECTS

Road Ready — Car Rental Platform

- Built a car rental web platform enabling customers to search, compare, and book vehicles across multiple rental agents.
- Designed a comparison feature allowing users to evaluate car options efficiently, improving booking experience.

Repo: github.com/Laksmetharane/CarRentalWebPage

Direct Access to Farmers — Agri-Tech Application

- Designed the user interface and navigation flow for a farmer-to-consumer marketplace application eliminating middlemen
- Presented the concept at the Smart India Hackathon (SIH), internal college round, as part of a collaborative team.

Banking Management System

- Developed a Java-based application to manage core banking operations including deposits, withdrawals, and account handling.

INTERNSHIP EXPERIENCE

Full Stack Development Intern — Marcello Tech *2 Months*

- Developed responsive static web pages and portfolio websites using HTML5 and CSS3, ensuring cross-browser compatibility and clean UI structure.
- Applied front-end development best practices to deliver functional, deployment-ready web pages within project timelines.

UI/UX Design Intern — CodSoft *4 Weeks*

- Designed and prototyped user interface (UI) mockups for e-commerce and food delivery applications using Figma.
- Planned user experience (UX) flows and wireframes to improve navigation and usability for end users.

PAPER PRESENTATIONS & CONFERENCES

- "Optimizing Public Transport with HPC and Reinforcement Learning" — Vellammal Institute of Technology, Chennai (ICAICS-2025).
- Presented research paper at Shri Eshwar College of Engineering, Coimbatore (THIRAN 2025).
- Presented paper on Robotic Process Automation (RPA) at K.S.R. College of Engineering (ABLAZE 2023 Symposium).

EDUCATION

Knowledge Institute of Technology — B.E., Computer Science and Engineering *2022 – 2026*

CGPA: 8.84 / 10

Sri Sarada Vidyalaya Girls Higher Secondary School — Class XII

Percentage: 89.6%

Government High School, Kamaraj Nagar Colony, Ammapet, Salem — Class X

Percentage: 92.4%

ADDITIONAL INFORMATION

- Languages Known: English, Tamil, Kannada
- Other Interests: Web Designing, Digital Marketing, Drawing
- Typewriting: Completed Junior and Senior levels in both Tamil and English with First Class and Distinction
