PROFILE SUMMARY

Motivated a Mechanical Engineering student with knowledge of CAD design, SolidWorks, CATIA V5, and manufacturing processes. Teamwork skills with hands-on project and internship experience. Seeking an opportunity to contribute to engineering projects while continuously learning and growing in a professional environment..

EDUCATION

Qualification	Institution	Year of Passing	Percentage
B.E (MECH)	Kongunadu College of Engineering and Technology, Thottiyam.	Pursuing	7.0 CGPA
HSC	Government Higher secondary school, Tottiyam	2023	57%
SSLC	Dr.G.V.N Matric School Thottiyam	2021	PASS

PROJECTS

Design And Fabrication Of Coconut Grater Machine : Designed and fabricated a coconut grating machine to reduce manual effort and processing time. The machine uses a motor-driven rotating grating mechanism to efficiently grate coconut, improving productivity and ease of operation.

Design And Fabrication 0f Floor Cleaning Machine : Designed and fabricated a floor cleaning machine to reduce manual effort and improve cleaning efficiency. The machine uses rotating brushes and a water-based cleaning system to remove dust and dirt from floor surfaces effectively.

TECHNICAL SKILLS

- AutoCAD
- CATIA V5
- SOLIDWORKS

SKILLS

- Team Work
- Time Management
- Creativity

AREAS OF INTEREST

- Design Engineer
- Manufacturing Engineer

INTERNSHIP EXPERIENCE

Completed a 14-days internship at NICE Industries , GMR Battery Manufacturers, gaining practical exposure to battery manufacturing, charging plate production, quality inspection, packing, and marketing processes.

CERTIFICATION

- Successfully completed a 14-day Value Added Course in CATIA V5 and SOLIDWORKS, focusing on CAD design, 3D modeling, assemblies, and drafting.
- Commercial Heavy Vehicle Familiarization – NTC Training Academy LLP.
- Completed the Certified SOLIDWORKS Associate (CSWA) certification.

ACHIEVEMENTS

- First Prize - Project Expo Selvam College Scilish'24 National Level Technical Symposium.
- Developed an ESP32-based Automatic Medicine Dispenser with automated dispensing, reminder alerts, and sensor-based monitoring during the MEDHA'26 National Level Hackathon .
- And also participated in various Paper Presentation and workshop that found the confidence level of presentation .

DECLARATION

I hereby declare that all the information furnished above is true and correct to the best of my knowledgeandbelief.
