JAYASREE D

Phone: 6369627198 — email : jsree5588@gmail.com — Place : Kumarapalayam, Namakkal

Career Objective

Motivated and enthusiastic final-year Electronics and Communication Engineering student seeking an entry-level position in the IT industry where I can apply my technical and problem-solving skills, continuously learn new technologies, and contribute to the organization's success.

Education

B.E. Electronics and Communication Engineering (Pre-Final Year) 2023 – 2027
K.S.R. Institute of Engineering and Technology, Anna University
CGPA: 8.90

Higher Secondary Certificate (HSC) 2023
JKK Nataraja Matric Higher Secondary School
Percentage: 70%

Software Technical Skills

- Programming Languages: C,python (basics),Java
- Web Technologies: HTML, CSS, JavaScript, SQL, MySQL
- Tools: MATLAB, Eclipse, Visual Studio Code, SQL Workbench
- Concepts: OOPs, Problem Solving, Web Development

Core Technical Skills

- Networking Basics: IP Address, LAN, DNS, DHCP
- Operating Systems: Windows, Linux (Basic)
- Networking Commands: ping, ipconfig, tracert
- Hardware Troubleshooting
- MS Office, Ms Excel

Internship Experience

Kiat Systems and Embedded Solutions April 2026 to May 2026

- Diagnosed and resolved hardware and software issues in laptops, including OS installation, driver configuration, and system troubleshooting..
- Performed preventive maintenance, basic hardware servicing, and technical support to ensure optimal system performance.

Xplore IT Corp Jun 2025

- Gained hands-on exposure to IT workflows and software development practices.
- Assisted in documentation, testing, and understanding real-world applications.

Mini Project

Color-Based Product Sorting System using Arduino Jan 2026

- Developing an automated system to detect and sort products based on color using Arduino and sensor and Integrating embedded C programming for real-time processing and decision-making.
- Technologies: Color Sensor (e.g., TCS3200) Embedded C,Arduino (Embedded System) ,Servo Motor / DC Motor

Projects

Automatic Billing System using RFID Jan 2025

- Designed an RFID-based automated billing system for small-scale retail use and Reduced manual billing steps and improved transaction accuracy.
- Technologies: RFID, Embedded C, Microcontroller

Movie Search Application Dec 2025

- Built a movie search application using Java and SQL to manage 100+ movie records and Displayed movie information such as title, genre, rating, and release year.
- Technologies: Java, SQL, HTML, CSS

Workshops, Hackathon & Paper Presentation

- Smart 5G Antenna Workshop – Kongu Engineering College Mar 2024
- Arduino Hands-on Workshop – KPR Institute of Engineering and Technology Feb 2025
- Performance Analysis of Ventilator Using Fuzzy Logic – Paper Presentation Mar 2025
- National Level Technical Hackathon – Team Participant Mar 2025

Certifications

- VLSI - Value Added Courses Jan 2026
- NPTEL – Internet of Things (IoT) Apr 2025
- JavaScript – Cisco Networking Academy Sep 2025
- MATLAB & Value Added Courses Dec 2024
- C, C++, Java – Tamil Nadu Board of Computer Education May 2024

Languages

Tamil, English
