PROFILE SUMMARY

Enthusiastic and detail-oriented Web Developer with a strong foundation in HTML, CSS, JavaScript, Java, and MySQL. Passionate about building responsive and user-friendly web applications while continuously learning new technologies.

EXPERIENCE

Web Developer

- Completed hands-on training in HTML, CSS, JavaScript, Java, and backend concepts.
- Designed responsive web pages using Flexbox and Media Queries.
- Developed modern and user-friendly web interfaces.

PROJECT

Lingua.AI – AI-Based Language Learning Application
Developed an AI-based language learning application to improve users' language and communication skills.

- Built a responsive and user-friendly frontend using React.js with reusable components.
- Integrated frontend components with backend services and implemented interactive user features.

Task Management System | MongoDB, Express.js, React.js, Node.js, JWT

- Built a role-based MERN application with separate Admin and Employee access, covering employee management, task assignment, priorities, status updates, search and pagination.
- Developed secure REST APIs using Node.js and Express.js with MongoDB, implementing JWT authentication and role-based access control, integrated with a responsive React.js frontend.

EDUCATION

Bachelor of Technology (Information Technology) 2023–2027
Sri Shanmugha College of Engineering and Technology 7.5/10

Higher Secondary School 2020–2023
60%

SKILLS

Frontend	:	HTML, CSS, JavaScript and React.js
Backend	:	Node.js, Express.js and REST APIs
Programming	:	Java
Database	:	MySQL and MongoDB
Tools	:	Git and GitHub, JWT, AI Tools, Video Editing
Soft Skills	:	Time Management

CERTIFICATIONS

- AICTE Java Full Stack Virtual Internship (Oct–Dec 2025)
- Pro eBox Python Certificate

LANGUAGES

- Tamil
- English
