github.com/yogeshkanna-ai yogesh-portfolio-alpha.vercel.app

PROFESSIONAL SUMMARY

AI Engineer with hands-on experience in Generative AI, Machine Learning, Natural Language Processing, Computer Vision, and AI application development. Experienced in building and implementing end-to-end AI solutions using Python, LLMs, FastAPI, TensorFlow, OpenCV, YOLO, and modern machine learning frameworks. Strong foundation in software engineering, problem-solving, and model development, with experience transforming AI concepts into practical applications.

EDUCATION

Kongunadu College of Engineering and Technology Tiruchirappalli, Tamil Nadu, India

Bachelor of Technology in Artificial Intelligence and Data Science (CGPA: 7.58/10) Aug. 2023 – Aug. 2027

Brindhavan Higher Secondary School Pattukottai, Tamil Nadu, India

Higher Secondary Certificate (HSC) – Score: 88% 2022 – 2023

Brindhavan Higher Secondary School Pattukottai, Tamil Nadu, India

Secondary School Leaving Certificate (SSLC) – All Pass Batch (COVID-19) 2020 – 2021

INTERNSHIP EXPERIENCE

Generative AI Intern May 2026 – July 2026

Fantasy Solution Tiruchirappalli, Tamil Nadu

- Developed practical AI solutions using Python and machine learning techniques, covering data preprocessing, model development, training, and evaluation.
- Applied deep learning and computer vision techniques using TensorFlow, Keras, OpenCV, and YOLO for AI-based applications.
- Implemented and tested an end-to-end AI application workflow involving dataset preparation, model training, prediction, performance analysis, and application testing.

Natural Language Processing (NLP) Intern June 2025 – July 2025

Sun Software Solutions Coimbatore, Tamil Nadu

- Engineered robust NLP pipelines for text preprocessing, feature extraction, and classification of unstructured data.
- Applied TF-IDF vectorization and advanced machine learning algorithms to optimize text data for AI applications.
- Achieved a 'Grade A' in the final technical evaluation for successfully deploying an efficient text processing system.

PROJECTS

Fake News Detection System | *Python, FastAPI, Scikit-learn, MongoDB* Mar. 2026

- Engineered an NLP system utilizing TF-IDF vectorization and trained models (Logistic Regression, Random Forest, Naive Bayes) to achieve 98.6% classification accuracy.
- Developed a real-time prediction and source credibility dashboard integrating a FastAPI backend and frontend.
- Repository: github.com/yogeshkanna-ai/fake-news-detection-ml

RAG-Based Document Q&A System | *Python, LLMs, FastAPI, FAISS, Streamlit* Jan. 2026 – May 2026

- Architected a Retrieval-Augmented Generation (RAG) system to extract highly accurate answers from custom document corpuses.
- Integrated FAISS vector databases with Large Language Models (LLMs) to enhance semantic search and context retrieval.
- Repository: github.com/yogeshkanna-ai/rag-doc-bot

EmergenSee | *Python, YOLO, Computer Vision, OpenCV*

- Developed an automated object detection model using YOLO to identify emergency vehicles in real-time traffic feeds.
- Engineered the system to integrate with smart traffic infrastructure, optimizing signal automation for faster emergency response.

PUBLICATIONS & CONFERENCES

Fake News Detection using Machine Learning Mar. 2026

International Conference on Artificial Intelligence and Data Science

- Authored and presented a conference paper on classifying digital misinformation using advanced NLP techniques.
- Conference Paper Link: github.com/yogeshkanna-ai/fake-news-detection-ml

TECHNICAL SKILLS

Programming Languages:	Python, Java, C
AI & Data Science:	Machine Learning, Natural Language Processing, Computer Vision, Generative AI
Frameworks & Libraries:	FastAPI, Streamlit, TensorFlow, Scikit-learn, Pandas, NumPy, OpenCV, FAISS, YOLO
Tools:	GitHub, Ollama, ChatGPT, Gemini, Claude

CERTIFICATIONS

- **Advanced Diploma in Python Programming (ADPP)** – CSC Computer Education
- **C Programming Certification** – CSC Computer Education
- **Java Training Certification** – IIT Bombay
- **Fundamentals of Machine Learning and Artificial Intelligence** – AWS Training & Certification
- **Machine Learning Projects** – Great Learning

ACHIEVEMENTS

- **First Prize** – National Level Project Expo (INFINITO 2K24)
- **First Prize** – Project Expo (SCIENTISM'24)
- **First Prize** – Project Expo (CARE)
- **Second Prize** – Meta AI Event
