Summary

Computer Science undergraduate with practical exposure to ethical hacking, network security, and full stack development. Proficient in Kali Linux, Nmap, Burp Suite, and Metasploit, complemented by strong networking fundamentals (TCP/IP, subnetting, firewalls, VPN). Completed internships in full stack development and penetration testing, and built an IoT-based patient monitoring system. Eager to contribute to security-focused engineering roles.

Education

Kongunadu College of Engineering and Technology — Trichy, Tamil Nadu
Bachelor of Engineering in Computer Science – CGPA: 7.2 — *2024 – 2027*

Kongunadu College of Polytechnic — Trichy, Tamil Nadu
Diploma in Computer Science and Engineering – CGPA: 8.1 — *2021 – 2024*

Projects

Smart Care Bed System — 2025
KNCET

- Designed and developed a Smart Care Bed System integrating sensors and automation to monitor patient movement and safety
- Implemented real-time alerts for fall detection, bed-exit detection, and emergency events using IoT-based communication
- Added motorized bed adjustments to enhance patient comfort and assist caregivers during medical procedures
- Enabled remote monitoring and data logging features to improve caregiver efficiency and patient health insights

Experience

Intern – Undertook a 1-month Full Stack Development internship at EPICS, contributing to the development and deployment of web-based applications using modern technologies.

Intern – Undertook a 2-week Ethical Hacking internship at NSIC–Technical Service Centre, gaining foundational experience in cybersecurity, vulnerability assessment, and penetration testing methodologies.

Technical Skills

Languages: Python, C, SQL, HTML/CSS
Frameworks: Flask, WordPress, Material-UI, FastAPI
Networking Skills: TCP/IP, Routing & Switching, Subnetting, Firewalls, VPN, Network Troubleshooting, Wireshark
Cybersecurity & Ethical Hacking: Kali Linux, Nmap, Burp Suite, Metasploit, OSINT tools, Vulnerability Scanning, Penetration Testing Basics
Developer Tools: Git, Docker, Google Cloud Platform, VS Code, PyCharm

Certification

Cybersecurity Essentials – Security Skills
Kongunadu College of Engineering and Technology

Web Development
AIverz Technologies
