B.E. Electronics and Communication Engineering
CGPA: 7.5+/10

PROFESSIONAL SUMMARY

A dedicated and enthusiastic 4th-year Electronics and Communication Engineering student with strong fundamentals in electronics and programming. Skilled in developing practical projects and working effectively in teams. Possess knowledge of Digital Electronics, Analog Circuits, Embedded Systems, and programming, with a strong interest in applying technical concepts to real-world engineering challenges.

CERTIFICATIONS

- NPTEL Course Completion in Python (2024) – Enhanced my programming knowledge in python
- NPTEL Course Completion in Digital Circuits (2024) – Strengthened my understanding of digital logic design and circuit analysis.
- Embedded C Programming – Udemy (2026) – Enhanced my knowledge of embedded programming and microcontroller applications.

ACHIEVEMENTS

- Successfully completed 36 Analog and Digital Electronics projects within 2 weeks.
- Successfully completed 25 Microcontroller-based projects within 2 weeks.

TRAINING

- LFT Training Program – completed hands-on technical training conducted at the college.
- Embedded C Training – Infineon Technologies – Gained practical knowledge of Embedded C programming concepts, coding practices, and embedded system development.
- Implant Training at BSNL Office – Gained practical exposure to telecommunication systems, network infrastructure, and industry operations.

PROJECTS

Smart Water Quality Monitoring System using IoT

- Sensors Used: pH Sensor, Turbidity Sensor
- Microcontroller: ESP8266 (NodeMCU)
- Features: Real-time monitoring and early warning alerts
- Tools & Platforms: Arduino IDE, ThingSpeak, Blynk

TECHNICAL SKILLS

- Programming Languages: C, Embedded C, Python
- Core Electronics: Digital Circuits, Analog Circuits
- Embedded Systems: Arduino Programming, ESP8266 Interfacing
- Tools: Arduino IDE, Microsoft Office
- AI Tools: Claude, (Skills, Connectors, Design),Gemini

PROFESSIONAL MEMBERSHIP

- IEEE Student Member

SOFT SKILLS

- Teamwork
- Time Management
- Quick Learning
- Patience and Perseverance
