TAMILARASAN J

Computer Science Engineering Graduate | Software Developer (Fresher)

Salem, Tamil Nadu, India | +91 9384154339 | tamilarasan4339@gmail.com | linkedin.com/in/tamilarasan-j-180565279

PROFESSIONAL SUMMARY

Computer Science Engineering graduate with hands-on project experience in Python, machine learning, and web technologies. Skilled in building and testing software solutions, applying data structures and OOP concepts, and using Git/GitHub for version control. Strong analytical and problem-solving ability with a quick learning curve; seeking a fresher Software Developer / Programmer Analyst role to contribute to real-world engineering projects.

TECHNICAL SKILLS

- Programming Languages: Python, Java, JavaScript
- Web Technologies: HTML5, CSS3, JavaScript
- Databases & Tools: MySQL, GitHub, Git, VS Code
- Core Concepts: Object-Oriented Programming (OOPs), Data Structures & Algorithms (Basics), Machine Learning Fundamentals, Software Development Life Cycle (SDLC)

EDUCATION

Bachelor of Engineering – Computer Science and Engineering 2022 – 2026

AVS College of Technology, Salem, Tamil Nadu | CGPA: 8.2 / 10

ACADEMIC PROJECTS

AI-Based Phishing URL Detection Using XGBoost

- Built a machine learning–based phishing URL detection system in Python using the XGBoost classification algorithm.
- Engineered URL-based features and applied data preprocessing techniques to improve model input quality.
- Achieved improved classification accuracy for identifying malicious websites, strengthening cybersecurity threat detection.

Random Password Generator

- Designed and developed a secure, customizable password generator in Python with adjustable length and complexity options.
- Implemented randomization logic using Python libraries to strengthen password security and reliability.

CERTIFICATIONS

- Python Programming Certification – GUVI

CORE COMPETENCIES

- Problem Solving | Communication | Teamwork | Adaptability | Time Management

LANGUAGES

- Tamil (Native) | English (Professional Working Proficiency)
