SUMMARY

Computer Science and Technology undergraduate with hands-on experience in **Python, Data Analytics, SQL, Selenium, Power BI, and Tableau**. Interested in Python development and data-driven problem solving, with internship experience and academic projects demonstrating practical programming and analytical skills.

EDUCATION

Vivekananda College of Engineering for Women **2023 – 2027**
B.E. Computer Science and Technology – ***CGPA: 7.1/10 (Pursuing)***

Blue Bird Matric Higher Secondary School **2022 – 2023**
Higher Secondary Certificate (HSC) – ***65%***

TECHNICAL SKILLS

Programming: Python, C
Data Analytics: Data Analysis, Data Preprocessing, SQL
Data Visualization: Power BI, Tableau
Tools: VS Code, Google Colab, Jupyter Notebook, Selenium
AI Tools: ChatGPT, Claude
Soft Skills: Problem Solving, Teamwork, Communication, Adaptability

INTERNSHIP & TRAINING

Accent Techno Soft (ATS) **Internship**
Data Analytics with Python Intern

- Practiced Python-based data analysis, preprocessing, and visualization techniques.
- Worked with datasets to extract insights and support data-driven analysis.

Cybernaut **Training**
Python Intern

- Strengthened Python programming through practical exercises and project-based learning.
- Applied Python concepts to develop and implement programming solutions.

PROJECTS

MyPortfolio – Personal Profile Website | Web Development

- Developed a personal portfolio website showcasing education, technical skills, projects, certifications, and professional profile.

IMDb Movie Rating Scraper | Python, Selenium

- Developed an automated scraper to extract movie ratings and information from dynamic websites.

Crypto Price Tracker | Python, Selenium

- Developed a Python-based system to extract and process real-time cryptocurrency price information.

Face Recognition Medical System | Python

- Developed a face-based identification system for retrieving associated medical information.

Mental Health Risk Detection & Wellness Assistant | Python

- Developed a mini project to identify potential risk levels from user-provided information and provide supportive recommendations.

CERTIFICATIONS & ACTIVITIES

NPTEL: Affective Computing, Cybersecurity
Cybernaut: C++, Python & Java Programming
Workshop: Golang Framework Workshop – Kongu Engineering College
Technical Activity: Presented at CBEYONZ'25 National Level Technical Symposium – Bannari Amman Institute of Technology
Competition: QuizOff 2026 – India's Biggest AI Quiz
