CAREER OBJECTIVE

- Electronics and Communication Engineering student with strong interest in core electronics and hardware systems. Seeking an opportunity in a reputed organization to apply technical knowledge, improve practical skills, and contribute effectively to the growth of the company through continuous learning and teamwork.

EDUCATION

- **B.E. (ECE),** Kongunadu College of Engineering and Technology, Trichy (2027) – CGPA: 9.00
- **HSC,** Kalaimagal Matric Hr. Sec. School, Mohanur (2023) – 87.17%
- **SSLC,** Kalaimagal Matric Hr. Sec. School, Mohanur (2021) – 100% (All Pass)

PROJECTS

Project Title :

- Inclusive AI-Based Smart Assistive Automation with Real-Time Emergency Alerts.

Tools & Technologies Used :

- Python, OpenCV, MediaPipe, Speech Recognition, Arduino IDE, VS Code, AI, ML, CV, Image Processing, Embedded Systems, IoT, Serial Communication, Email Alert System.

Description :

- Built a hands-free AI-based smart automation system using gesture and voice control to improve accessibility. Enabled real-time monitoring and emergency alerts using image processing and email integration.

SKILLS

Hardware, Interfacing & Tools:

- Electronic Fundamentals
- Arduino IDE, VS Code, MediaPipe, Blynk
- Arduino UNO, ESP32, Sensors, Relay Module

Programming Skills:

- C
- Core Java

Soft Skills:

- Teamwork
- Adaptability
- Time Management
- Communication Skills

INTERNSHIP

- Successfully undertook an internship in **Java Programming** at Nxtlogic Software Solutions in June 2025, with hands-on experience in core Java, OOP concepts, and simple program development.

CERTIFICATION

- Earned NPTEL Certification in Introduction to Industry 4.0 & IIoT – IIT Kharagpur | Jul – Oct 2025
- Pursued VAC in **Embedded Systems & IoT** – Taras | Aug 2025
- Attended a bootcamp on Full Stack Development – Novitech R & D Private Limited | Feb 2025
- Acquired knowledge in **Core Java** through VAC – Yellowmatics | Sep 2024

CO-CURRICULAR ACTIVITIES

- Participated in **Smart India Hackathon** – **Non-Electrical Sun Tracker for Solar Panel**; shortlisted among top 50 teams in college | Sep 2024
- Contributed to **Smart India Hackathon** – **Waste Management System & AI-Powered Career Guidance** | Oct 2025
- Presented a paper titled **AI-Based Smart Assistive Automation with Real-Time Emergency Alerts** at an **International Conference** held at Jeppiaar Institute of Technology | Feb 2026
- Engaged in **TN-WISE Women Hackathon** – **AI Assistive Automation System** at Periyar Maniammai Institute of Science & Technology | Mar 2026
- Took part in **iStart Hackathon** – **AI Assistive Automation System** at Knowledge Institute of Technology | Mar 2026

ACHIEVEMENTS

- Developed an **Inclusive AI-Based Assistive Automation System with Real-Time Emergency Alerts** at a **hackathon**, securing **1st Prize** at M. Kumarasamy College of Engineering | Feb 2026
- Showcased a **paper** on **Optoelectronic Devices** at Muthayammal College of Engineering, Achieved **2nd Prize** for excellence in presentation | Apr 2024
- Secured **1st Prize** in **Circuit Debugging** at Paavai College. Demonstrated strong problem-solving and analytical skills during the competition | Apr 2024
- Won **2nd Prize** for demonstrating a **paper** and **project** on **Gesture-Controlled Automation** at Kongu Engineering College | Sep 2025
- Pitched **idea** and **project** presentation on **Inclusive AI-Based Assistive Automation System** and earned **1st & 3rd Prize** at Kongu Engineering College | Feb 2026
- Achieved **1st Prize** for exhibiting a **project** presentation on **AI-Based Assistive Automation with Real-Time Emergency Alerts** at M.P. Nachimuthu College | Feb 2026
- Secured **1st Prize** for presenting the **project** on **Inclusive AI-Based Assistive Automation System** at M. Kumarasamy College of Engineering | Mar 2026
