OBJECTIVE

I'm passionate about web development and eager to apply the skills I've learned in Python, C, and C++ to real-world projects. As the Rehash Lead in the HAM Club, I've gained hands-on experience in content management and communication, which has helped me improve my teamwork and leadership abilities. I'm looking for opportunities where I can further develop my technical skills and contribute to impactful projects.

TECHNICAL SKILLS

Web design (basic)
Programming(C, Python), SQL
PowerBI
Microsoft Excel

PROJECTS

- Attendance marking system using RFID reader
- Student Management system in Python
- Library Management system in C
- HR Dashboard for Employee Management & Reporting using PowerBI

CERTIFICATION

- First place in internal Hackathon conducted by HAM Club of Kumaraguru.
- Gained certification from ETS Academy

1. Python Programming
2. C Programming
3. C++ Programming
4. AutoCAD

- Certified in "Emerging Trends in IoT and Cloud Computing – Hands-on Approach" by ECE Dept, KCT & DLithe Consultancy.
