PROFESSIONAL SUMMARY

Computer Science and Engineering student and Java Full Stack Developer with hands-on experience building scalable web applications, RESTful APIs, and cloud services using Java, Spring Boot, MySQL, and React.js. Proven ability to optimize database queries, automate workflow bots, and develop full-stack solutions.

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, SQL, JavaScript, HTML5, CSS3
- **Backend Development:** Spring Boot, JDBC, RESTful APIs, Microservices Fundamentals
- **Frontend Development:** React.js, Responsive Web Design, Component Architecture
- **Databases & Cloud Tools:** MySQL, Relational Databases, Render, Git, GitHub, VS Code, Postman
- **Core Competencies:** Full Stack Engineering, Database Schema Design, REST API Engineering, System Debugging

WORK EXPERIENCE

Java Backend Developer Intern **Dec 2025 – Jan 2026**
Nexus Technology, Kozhikode, Kerala

- Engineered 10+ RESTful API endpoints using Java, Spring Boot, and JDBC to enable seamless data communication between client applications and backend infrastructure.
- Designed and optimized relational database schemas in MySQL, improving query execution efficiency and data retrieval speeds.
- Resolved critical backend architectural bugs and optimized server response times during performance testing cycles.

Full-Stack Developer Intern **June 2025**
8Queens Technology, Chennai, Tamil Nadu

- Developed 5+ responsive UI components using React.js, HTML, CSS, and JavaScript to enhance user experience across mobile and desktop interfaces.
- Integrated frontend components with backend REST APIs, reducing client-side rendering delay.
- Streamlined version control and collaborative code maintenance using Git and GitHub across a team environment.

TECHNICAL PROJECTS

Sharda OIS Telegram Bot · *Automated Academic Assistant Bot* **2026**

- Built an automated academic management bot in Java to handle student timetables, syllabus organization, event notifications, and reminders.
- Deployed the Java backend on the Render cloud platform to ensure 24/7 server availability and automated response execution.

Task Management System · *Full-Stack Web Application* **2025**

- Architected a full-stack task management application featuring secure user authentication and real-time activity tracking.
- **Tech Stack:** Java, Spring Boot, REST APIs, MySQL, React.js, HTML, CSS, JavaScript, Git

Disaster Management System · *Full-Stack Web Application* **2026**

- Implemented a disaster preparedness web platform delivering real-time alerts, safety insights, and educational modules.
- **Tech Stack:** Java, Spring Boot, SQL, JDBC, REST APIs, React.js, HTML, CSS, JavaScript

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science and Engineering **2023 – 2027**
Excel Engineering College (Autonomous), Komarapalayam, Tamil Nadu
CGPA: 7.9 / 10.0

Higher Secondary (12th), Bio-Maths **2020**
OHSS Tirurangadi, Kerala

CERTIFICATIONS & ACHIEVEMENTS

- **Certifications:** IBM SQL Certification (Coursera), Java Course (Udemy), HackerRank SQL & Java Skill Certifications
- **Achievements:** Team Leader at Smart India Hackathon (SIH) — Selected for internship via hackathon performance — Completed 100 Days Developer Challenge on LinkedIn — Published Author

LEADERSHIP & EXTRACURRICULARS

- Community Lead – Java Developer Group — Creator & Lead – Malappuram Development Initiative
- Team Leader – Hackathon Team — NSS Team Leader (School Level)
