ABOUT ME

Final-year B.Tech Artificial Intelligence and Data Science student with hands-on experience in Python, web development, SQL/MySQL, machine learning, and full-stack application development through projects and internships. Interested in building practical, reliable software solutions and applying backend development, web technologies, databases, and data-driven problem solving to real-world applications.

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C, C++, SQL
- **Web Development:** HTML, CSS, JavaScript, React.js, Flask, Node.js
- **Database:** MySQL
- **AI & Data Science:** Machine Learning, Data Analysis, Data Preprocessing, Data Visualization

Soft Skills: Problem Solving, Quick Learning, Team Collaboration, Communication, Time Management, Adaptability, Attention to Detail

PROJECTS

Smart Nutrition App for Women with PCOD | Python, Flask, Machine Learning, MySQL, HTML, CSS, JavaScript, Chart.js

- Developed a full-stack web application providing personalized diet recommendations, symptom tracking, and healthy lifestyle suggestions. Implemented machine learning models for symptom prediction, hormone score estimation, and meal recommendation, with an interactive interface using charts and dashboards.

NestiQ – Smart Housing Platform | React.js, Node.js, MySQL, HTML, CSS, JavaScript

- Developed a responsive full-stack web application for property search, viewing, and management. Implemented property listings, search features, user authentication, and property management functionality with frontend-backend integration and database connectivity.

CGPA Calculator System | Java, Java Swing, MySQL

- Built a desktop application to automate semester and overall CGPA calculation. Implemented a user-friendly GUI for subject details, automatic grade calculation, and result visualization to provide accurate and instant CGPA computation.

INTERNSHIP EXPERIENCE

ML & Web Development Intern | LITZ Tech Pvt. Ltd., Coimbatore **15.06.2026 – 30.06.2026**

- Worked on AI-powered web solutions using machine learning concepts and full-stack technologies. Gained hands-on experience in data preprocessing, model implementation, application feature development, and responsive user interfaces.

Software Developer Intern | Huge IT Solutions, Coimbatore **15.12.2025 – 14.01.2026**

- Developed responsive web applications and worked on frontend-backend integration, database connectivity, testing, feature enhancements, and application performance improvements.

Software Developer Intern | Accent Techno Software, Coimbatore **10.01.2025 – 28.01.2025**

- Gained practical experience in the software development lifecycle, including requirement analysis, coding, debugging, testing, and maintaining responsive web applications.

EDUCATION

B.Tech – Artificial Intelligence and Data Science | Excel Engineering College, Namakkal | 2023–2027

Higher Secondary Certificate (HSC) | Govt. Higher Secondary School, Kozhikkalnatham, Namakkal | 2023 | 77%

HACKATHONS

Payoda Hackathon – Excel Engineering College

TNWISE 2025 – Kumaraguru College of Technology

HackElite 2K25 – Vellalar College of Engineering and Technology

HackNext'25 – SNS College of Technology

CERTIFICATIONS

NPTEL – Industry 4.0 and IIoT (Elite) | Responsible & Safe AI Systems | Cyber Security & Privacy
