OBJECTIVE

Motivated and detail-oriented Electronics and Communication Engineering student seeking an opportunity to apply technical knowledge in electronics, PCB design, embedded systems. Eager to enhance practical skills, contribute to organizational growth, and build a successful career in the core engineering industry.

INTERNSHIP

28.05.2025 - 16.06.2025

PCB Design - YUGAM INNOVATION

Completed a 15-day PCB Design internship with practical exposure to schematic capture, PCB layout design, routing, circuit debugging, and EDA tools. Learned industry-standard PCB development processes and basic hardware design techniques.

EDUCATION

2023-2027

Kongunadu college of engineering and technology
BE. Electronics and Communication Engineering
7.5

2022-2023

G.B.H.S.S
HSC
65

2020-2021

Oxford Matriculation higher secondary school
SSLC

TECHNICAL SKILLS

PCB Design
C
Embedded C

PROJECTS

Smart Vehicle Attendence system for campus transport

The system also enables live vehicle tracking, attendance monitoring, and data management for administrators and parents. It enhances student safety, ensures accurate attendance records, and improves the overall management of campus transport services through smart automation and communication technologies.

Automatic Attendance When Phone Connected to College wi-fi

This project helps reduce proxy attendance, minimizes paperwork, and saves time for faculty members. It also provides accurate and real-time attendance monitoring through a user-friendly interface. The system improves efficiency, reliability, and automation in attendance management using wireless networking and software integration technologies.

INTERESTS

PCB Design
Embedded System

LANGUAGES

Tamil
English

PERSONAL DETAILS

Date of Birth : 13/09/2005
Place : Namakkal

VALUE ADDED COURSE

Core JAVA
Basic of Embedded system and IOT

CERTIFICATE

JAVA programming

NPTL-Introduction to Industry 4.0and IOT

HOBBIES

Animation making
Drawing

EXTRA CURRICULAR ACTIVITIES

1. District-level athlete specialized in 400m, 800m, and 1500m track events

2.Won multiple prizes in district athletics competitions represented school/college in district-level athletics meets.
