

NAVEENKUMAR J

Electronics and Communication Engineer

Manapparai, Trichy, Tamil Nadu | 8807804375 | naveen880780@gmail.com

CAREER OBJECTIVE

To obtain an entry-level position in a core engineering organization where I can apply my knowledge of electronics, embedded systems, programming, and communication technologies, while gaining practical experience and contributing to the growth and success of the organization.

EDUCATION

Bachelor of Engineering — Electronics and Communication Engineering *2023 - 2027*

Kongunadu College of Engineering and Technology | CGPA: 7.1

Higher Secondary Certificate *2022 - 2023*

Montfort Matric Higher Secondary School, Manapparai | Percentage: 72%

INTERNSHIP

Automation Testing Intern *May 2025 - June 2025*

iLife Technologies, Trichy

- Designed and executed automated test cases using Selenium and Java, strengthening skills in systematic testing and quality verification applicable to embedded and automotive systems.

ACADEMIC PROJECTS

RFID Based Hazard Zone Entry Control System

- Designed a restricted-area access control system using RFID authentication — directly relevant to automotive safety and access-control applications.

Design of Compact Planar Microstrip Antenna

- Optimized antenna geometry to improve bandwidth and signal performance, applying core RF/communication engineering principles.

TECHNICAL SKILLS

- Embedded Systems
- C & C++
- Java Programming
- RFID & Sensor-based Systems
- Antenna / RF Design Fundamentals
- Communication, Adaptability & Teamwork

CERTIFICATIONS

- Java Programming Certification
- Embedded Systems with AI
- Introduction to Industry 4.0 & Industrial IoT — NPTEL (2025)

EXTRA-CURRICULAR

Actively practicing coding problems on online platforms and exploring Generative AI applications.

CO-CURRICULAR

Actively participated in technical workshops, seminars, and project presentations to enhance practical knowledge and professional skills.
