DEEPAKRAJAN V

Data Analyst

deepakrajanv@gmail.com | +91 73734-23503 | LinkedIn: in/deepakrajanv | Bengaluru, Karnataka | github.com/DEEPAKRAJANV

PROFESSIONAL SUMMARY

Motivated and detail-oriented Data Analyst with knowledge of data analytics, reporting, and visualization techniques. Skilled in SQL, Python, Excel, and Microsoft Power BI for creating interactive dashboards and reports. Familiar with DAX functions, charts, Group By, and Conditional Columns for data analysis and transformation. Strong analytical and problem-solving abilities with a keen interest in deriving actionable insights from data to support business decision-making.

KEY PROJECTS (GitHub)

Sales Management Banking Project (Power Bi)

- Worked on Microsoft Power BI projects for dashboard creation and data analysis.
- Used DAX functions to create measures, calculated columns, and KPIs.
- Developed charts and interactive visualizations for reporting.
- Applied Group by and Conditional Columns in Power Query for data transformation.
- Built data models and generated business insights through reports and dashboards.

ATM Simulator (Python)

- Developed an ATM simulation project using loops and functions to replicate real-world banking operations
- Implemented core features such as balance inquiry, deposit, and withdrawal with logical flow control

MIS Reporting (Banking – Advanced Excel)

- Prepared advanced MIS reports using pivot tables, subtotals, charts, key Excel functions and conditional formatting to analyze large banking datasets and highlight critical insights
- Designed visual reports and interactive dashboards for printing

TECHNICAL SKILLS

Python Programming: Experienced in functions, loops, classes, and inheritance, with practical exposure to NumPy, Pandas, and Matplotlib for data analysis, visualization, and handling structured datasets.
Database Management: Skilled in **MSSQL** with hands-on experience in designing relational databases, writing queries, and managing data integrity.
Advanced Excel: Skilled in functions, pivot tables, data visualization, and automation using Macros to streamline workflows and build interactive dashboards.
Tableau: Experienced in transforming data into actionable insights through visualizations.
Power BI: Skilled in Power BI, including data cleaning and transformation using Power Query Editor, importing and managing datasets, and designing interactive reports with various charts and visualizations.
Tools: Skilled in SQL Server Management Studio (**SSMS**) for database administration and Visual Studio (**VS)** Code for python programming.
Machine Learning: Hands-on knowledge of basic Machine Learning and Deep Learning algorithms.

SOFT SKILLS

- Analytical Thinking
- Adaptability & Learning
- Leadership & Decision-Making
- Communication & Problem Solving

EDUCATION & TRAINING

Data Analyst & Data Science Course
Besant Technologies, Marathahalli, Bengaluru
8 Months
Bachelor of Technology
Textile, Anna University, AC Tech, Chennai
2020 | CGPA - 7.07
HSC (XII)
SKV Matriculation School, Namakkal
2016 | Marks - 95%
SSLC (X)
SKV Higher Secondary School, Namakkal
2014 | Marks - 97.6%

CERTIFICATION

Data Analyst & Data Science Certification
Besant Technologies, Bengaluru (Marathahalli)
Advanced Certification in Data Science & AI
Indian Institute of Technology, Guwahati

PERSONAL DETAILS

- **Date of Birth:** 17 March 1999
- **Languages Known:** Tamil & English
- **Nationality:** Indian

EXTRACURRICULAR ACTIVITIES

I actively participated in the National Cadet Corps **(NCC),** where I developed leadership, discipline, and teamwork skills. I attended the Combined Annual Training Camp **(CATC)** and the Army Attachment Camp **(AAC),** gaining exposure to military drills and national service values. Successfully completing the **C Certificate** highlighted my resilience and responsibility. These experiences instilled a strong sense of adaptability and confidence that continue to shape my professional and personal growth.
