Summary

Computer Science Engineering student with a strong interest in software development and practical application of programming concepts. Experienced in developing academic projects and solving programming problems through consistent practice. A quick learner with strong problem-solving ability, seeking an opportunity to contribute, learn, and grow in a professional software development environment.

Education

Sri Shanmugha College of Engineering and Technology *2023 – 2027*
Bachelor of Engineering (B.E) – Computer Science and Engineering CGPA: 8.5

PSG Matric Hr. Sec. School *2022 – 2023*
Higher Secondary Certificate 89.5%

Technical Skills

Programming Languages: C, Java

Web Technologies: HTML, CSS, JavaScript

Frameworks & Database: Spring Boot, MySQL

Tools & Platforms: Git, GitHub, VS Code

Soft Skills: Problem Solving, Quick Learner, Communication, Leadership

Projects

EventPortal - College Event Management System | *Java, Spring Boot, MySQL, HTML, CSS, JavaScript*

- Developed a full-stack college event management system enabling students to browse events, register, make payments, and download certificates.
- Implemented admin and student dashboards with event creation, registration management, and participation tracking.
- Integrated QR code-based attendance tracking and automated certificate generation for eligible participants.
- GitHub: github.com/Kalai0001/college-event-management-system

EduTrack - Student Attendance Management System | *Java, Spring Boot, MySQL, HTML, CSS, JavaScript*

- Developed a web-based attendance management system for colleges to manage students, subjects, and daily attendance efficiently.
- Implemented faculty and student portals with student management, period-wise attendance marking, and attendance percentage calculation.
- Added shortage risk alerts for students with attendance below 75% and supported PDF generation and printing of attendance records.
- GitHub: github.com/Kalai0001/student-attendance-management-system

Certifications

NPTEL

- Operating Systems
- Cloud Computing
- Machine Learning

Achievements

- Solved **180+ problems** on LeetCode, strengthening problem-solving and Data Structures and Algorithms skills.
- Achieved a **peak contest rating of 889** on CodeChef.
- Solved **450+ problems** on LearnLogicfy through regular coding practice.

Languages

- Tamil
- English
