EDUCATION

KONGUNADU COLLEGE OF ENGINEERING AND TECHNOLOGY

Electronics and Communication Engineering (**2023-2027**)
CGPA:-8.4

GOVERNMENT HIGHER SECONDRY SCHOOL

HSC (**2022-2023**)
84%

SKILLS

- Java
- Embeeded System
- SQL

SOFT SKILLS

- Poblem Solver
- Team Work
- Communication
- Critical Thiniking

AREAS OF INTREST

- Software Developer
- web developemer
- Database developer

PROFILE

To obtain an entry-level Software Developer position in a reputed organization where I can apply my technical knowledge, programming skills, and problem-solving abilities to contribute effectively to the company's success. I am eager to learn new technologies, work collaboratively in a team, take on challenging responsibilities, and continuously enhance my technical and professional skills while building a successful career.

PROJECT

- **Automated Speed Regulation System**
  - ***Embedded System***

  Developed an embedded system to automatically regulate vehicle speed in designated speed zones using a microcontroller and sensors. The project focused on improving road safety through automatic speed control and enhanced my skills in Embedded C, microcontrollers, sensor interfacing, and hardware integration.
- **Smart cold chain organs spoilage prevention system**
  - ***Internet Of Things***

  Developed an IoT-based system to monitor and maintain optimal temperature and humidity for safe organ transportation and storage. The project enabled real-time monitoring and alert notifications to help prevent organ spoilage while enhancing my skills in IoT, embedded systems, sensor interfacing, and hardware integration.

INTERNSHIP

- **IPCS Global Technologies**

Successfully completed a 15-day internship in Embedded Systems at IPCS Global Technologies. Acquired practical knowledge of Embedded C, microcontrollers, hardware interfacing, and embedded application development. Participated in basic programming, circuit testing, debugging, and system integration activities, which strengthened my problem-solving, technical, and analytical skills.

CERTIFICATIONS

- NPTEL - Internet of Things
- NPTEL - Introduction to Industry 4.0 and Industrial Internet of Things(Elite Certificate)
- Embedded System
- Fundamantals Java

ACTIVITIES

- The member of Indian Society for Technical Education
- Partcipated in Technical Workshop and Paper Presentatiom
- Participated in Project Development Activities
