PROFESSIONAL PROFILE

Accomplished Mobile Application Engineer with 3+ years of professional experience (April 2023 – Present) building and shipping high-quality, scalable Android and iOS applications. Expert in Kotlin, Jetpack Compose, Flutter, and Dart with strong command of MVVM Clean Architecture, BLoC, and Repository Pattern. Experienced in cross-platform development serving thousands of active users on both Google Play Store and Apple App Store. Recognized as Best Android Developer (2024). Eager to bring mobile expertise to innovative product teams in Germany.

PROFESSIONAL EXPERIENCE

Android Developer & Flutter Developer | Nithra Apps India Pvt. Ltd., Namakkal, Tamil Nadu

April 2023 – Present (3+ Years)

- Architect and develop production-grade Android apps using Kotlin, Java, and Jetpack Compose, serving thousands of active users.
- Design app architecture with MVVM, Clean Architecture, and Repository Pattern, ensuring testability and long-term maintainability.
- Build declarative UI with Jetpack Compose using StateFlow, LiveData, and ViewModel lifecycle-aware state management.
- Develop cross-platform mobile applications using Flutter and Dart, delivering full iOS builds with BLoC pattern for predictable, scalable state management.
- Integrate full Firebase suite: Authentication, Firestore, Storage, FCM, Analytics, and Crashlytics for backend and real-time sync.
- Develop REST API integration with Retrofit, OkHttp, and Gson; implement Kotlin Coroutines and Flow for smooth async operations.
- Manage complete Google Play Store and Apple App Store release lifecycle: APK/AAB builds, app signing, ProGuard, versioning, and production release.
- Implement local data persistence using Room Database and SQLite with proper DAO design and migration strategies.
- **Awarded Best Android Developer (2024) for exceptional code quality and delivery excellence.**

KEY PROJECTS

Matrimony Platform — Android & iOS | *Sep 2024 – May 2025*

Kotlin · Jetpack Compose · Flutter · BLoC · Firebase · FCM · MVVM

- Full-scale matrimony platform with user registration, profile creation, partner search, real-time chat, and push notifications.
- Android: Jetpack Compose with MVVM, Firebase Auth, Firestore, Storage; iOS: Flutter with BLoC state management.
- End-to-end deployment on Google Play Store and Apple App Store including signing, versioning, and release management.

Doctor Clinic Appointment App | *Dec 2025 – Jan 2026*

Flutter · Dart · REST API · Material Design 3

- Clinic management app for doctor profiles, time-slot booking, appointment scheduling, and consultation history.
- Smooth UI/UX using Flutter Widgets and Material Design 3 with responsive layouts across device sizes.

Utility Mobile Applications (Ongoing)

Flutter · Dart · Provider State Management

- Product Notes App and utility tools built with Flutter/Dart, Provider state management, and reusable widget architecture.

TECHNICAL SKILLS

Languages	Kotlin · Java · Dart · XML
Mobile Dev	Android Native · Flutter · Cross-Platform (Android & iOS)
UI Frameworks	Jetpack Compose · XML Layouts · Flutter Widgets · Material Design 3

Architecture	MVVM · Clean Architecture · Repository Pattern · BLoC · Single Activity
Jetpack	ViewModel · LiveData · StateFlow · Navigation · WorkManager · Paging 3
Networking	REST API · Retrofit · OkHttp · Gson · JSON Parsing · API Auth
Firebase	Authentication · Firestore · Storage · FCM · Analytics · Crashlytics
Local Storage	Room Database · SQLite · SharedPreferences · DataStore · Oracle SQL
Async	Kotlin Coroutines · Flow · LiveData · RxJava (Basic)
Testing & DI	Hilt · Unit Testing · Instrumentation Testing · JUnit
Tools	Android Studio · Git · GitHub · Gradle · ProGuard · ADB
Play Store	Google Play Console · App Signing · APK/AAB · Release Management
Methods	Agile · Scrum · Code Review · SOLID Principles · Clean Code

EDUCATION

Bachelor of Science (B.Sc.) — Computer Science

Kongu Arts and Science College, Erode, Tamil Nadu, India | 2018 – 2021 | Graduated with Distinction

CERTIFICATIONS & AWARDS

- Jetpack Compose Android Development — Udemy Certification (2025)
- Best Android Developer Award — Nithra Apps India Pvt. Ltd. (2024)

LANGUAGES

Tamil (Native / Muttersprachler) **English** (Professional Working Proficiency / B2–C1) **German** (Basic / Beginner — currently learning)

Work Authorization: Indian national, holding a B.Sc. in Computer Science (eligible for German ICT / Skilled Worker Visa under §18a AufenthG). Open to relocation to Germany. References and degree certificates available upon request.
