CAREER OBJECTIVE

Aspiring Software engineer seeking an entry-level software development opportunity where I can apply my skills in Java,SQL,and Web Technologies to solve real world problems,contribute to innovative projects,and grow as a skilled software professional.

EDUCATION

Bachelor of Engineering in Computer Science & Engineering **2023 - 2027**
Kongunadu College of Engineering and Technology, Trichy CGPA: 7.4/10.0

Higher Secondary Education **2022 - 2023**
Little Angels Higher Secondary School, Namakkal Percentage: 70%

EXPERIENCE

Full Stack Development Intern — Galwin Technology, Trichy **Jun 2 - Jun 16**

- Completed a 15-day internship in Full Stack Development and gained practical exposure to web development concepts.
- Learned and worked with HTML, CSS, and JavaScript to design and develop responsive web pages.
- Enhanced understanding of front-end development, software development workflows, and collaborative learning in a professional environment.

PROJECTS

AI Based Medical Report Summarizer

Technologies Used: Python, Natural Language Processing (NLP), NLTK / Pandas

- Developed an AI-based system that analyzes medical reports and generates concise summaries using Natural Language Processing techniques.
- Improved efficiency, accessibility, and understanding of medical information through text preprocessing and information extraction techniques.

Diabetic Retinopathy Diagnosis Using Image Processing

Technologies Used: Python, Image Processing, OpenCV, Machine Learning, CNN, NumPy, Matplotlib

- Developed a system to detect Diabetic Retinopathy from retinal images using image processing and machine learning techniques.
- Enhanced skills in image processing, machine learning, data analysis, and real-world healthcare problem-solving.

TECHNICAL SKILLS

Programming Languages	Java
Web Technologies	HTML, CSS, JavaScript
Database Management	MySQL, PostgreSQL
Tools & Platforms	Eclipse IDE, VS Code

TECHNICAL EXPOSURE

- Presented technical papers as part of an inter-college Paper Presentation event.
- Participated in multiple college-level Hackathons focused on real-world problem-solving.

ACHIEVEMENT

- Secured Second Prize in a PowerPoint presentation competition at an inter-college event, showcasing strong presentation and communication skills.
- Awarded a cash prize of ₹1,000 for outstanding performance among participants from various colleges.
