CAREER OBJECTIVE

Passionate and motivated Computer Science Engineering student with a strong foundation in Java, Object-Oriented Programming, and Web Development. Experienced in developing academic projects and solving real-world problems through technology. Eager to apply my technical skills and contribute to innovative software solutions.

INTERN EXPERIENCE

Web Development Intern **JUNE 2025**

Frontline Technologies, Karur

I worked on full-stack web development projects using technologies like HTML, CSS, JavaScript, MySQL, and MongoDB. I contributed to building and optimizing web applications, enhancing performance and user experience.

EDUCATION

BE in Computer Science and Engineering 2023-2027

Kongunadu College of Engineering and Technology, Trichy

CGPA – 8.32/10

Class XII - Examination Score: 86% 2022-2023

Little Angles Hr. Sec school, Aniyapuram

TECHNICAL SKILLS

- Java Programming
- HTML,CSS,JavaScript
- MongoDB
- Git and Github
- MySql
- NodeJs,expressJs

SOFT SKILLS

- Leadership
- Time Management
- Teamwork
- Problem-Solving

ACADEMIC PROJECTS

Farm2Home:Web Development

Farm2Home is a web-based platform that connects farmers directly with consumers. Farmers can upload crop details and prices, while consumers can search products, compare rates, and place orders. It helps farmers earn better profits and provides fresh products to consumers at fair prices.

Local Complaint Management System: Web Development

Local Complaint Management System is a web application that allows citizens to submit and track local complaints such as road, water, and streetlight issues. Authorities can manage and resolve complaints efficiently, improving public services.

Billing System:Web Development

Billing System is an application used by traffic authorities to record traffic violations, calculate fines automatically, generate bills, and maintain payment records. It helps ensure accurate fine management and faster processing of traffic penalties.

CO-CURRICULAR CERTIFICATIONS

- Participated in technical events at other colleges and won prizes.
- Attended workshops and seminars at various colleges to enhance technical knowledge.
- Took part in hackathons and coding competitions organized in college.
- Present a paper on Emerging Technologies at Kongu Engineering College.

HACKATHONS

- Participated in **ImpactX 3.0** Hackathon at St.Joseph's Institute of Technology.
- Participated in **Genesis'24** Hackathon at Intra-college.
- Participated in Hack Fest at Selvam College of Technology.

CERTIFICATIONS

- Completed a **Value-Added Course** on **Core Java, Python** at my college.
- **NPTEL Certificate** for **Introduction to IOT and Software Testing**. And **Introduction to Machine Learning.**
- Complete a Certificate in **Full Stack Development.**
