OBJECTIVE

Enthusiastic AI & Data Science student with a strong passion for exploring emerging technologies and developing innovative solutions to real-world problems. Committed to continuous learning and enhancing my knowledge of Artificial Intelligence while applying my skills through creativity, problem-solving, and teamwork.

EDUCATION

KONGUNADU COLLEGE OF ENGINEERING AND TECHNOLOGY Thottiyam	CGPA: 8.2	2023-Present
HSC – AMALA MATRIC HR SEC SCHOOL Musiri	Percentage: 73.8%	2022 – 2023
SSLC – AMALA MATRIC HR SEC SCHOOL Musiri	Percentage: 100%	2020 – 2021

SKILLS

- **Programming Languages:** Java, Python
- **Database Management:** MySQL
- **Tools:** Git, VS-Code, GitHub
- **Operating System:** Windows
- **AI Skills:** Data analysis and handling tools (Google Colab, Pandas, NumPy)

SOFT SKILLS

- Listening
- Flexibility
- Adaptability

INTERNSHIP

Java Intern – GR Soft Tech – Trichy June 2025

- Learned about Java-based applications with database connectivity using JDBC.
- Applied OOP concepts to design efficient and reusable backend logic.
- Worked with trainer to manage and interact with relational databases.

PROJECTS

AI-Powered Smart Diet and Workout Assistant || Role: Idea & Research Lead

- Developed an **AI-powered Fitness Assistant** that delivers personalized diet and workout recommendations based on user fitness goals and health preferences.
- Designed and implemented an intelligent **Calorie Tracking System** to calculate nutritional values and monitor daily calorie consumption.
- **Tech Stack:** Python, Pandas, NumPy.

Smart E-commerce Website with Admin Dashboard || Role: Team Leader

- Built an e-commerce platform with a secure **Admin Dashboard** for efficient product and inventory management.
- Designed and implemented RESTful APIs using Express.js to perform CRUD operations and enable real-time product updates with help of MongoDB**.**
- **Tech Stack:** HTML, CSS, MongoDB, Git, GitHub.

HACKATHONS & TECHNICAL EVENTS

- **IIT Madras – IndustriAI 2025 | 24-Hour National Hackathon**
  - Collaborated with a team to develop a solution for **Green Finance Optimization**.
  - Applied problem-solving, and presentation skills under strict time constraints.
  - **Role:** Presentation & Pitch Lead | Presented a demo to Judges.
- **Hack the Horizon | KPR College of Technology | 24-Hour Hackathon**
  - Designed and presented an innovative software solution to address a real-world challenge.
  - Worked effectively in a team environment, **Contributing to idea generation** and solution development.
  - **Role:** Documentation Lead | Prepared a project architecture diagram.
- **Neruathon'26 | Chennai | 30-Hour National AI Hackathon**
  - Participated in a 30-hour non-stop AI hackathon, developing an **AI-based Fake social media** account detection within a limited timeframe.
  - Strengthened practical knowledge of AI development, teamwork, and project presentation.
  - **Role:** Idea & Research Lead | Researched existing solutions and validated the idea.

CERTIFICATIONS

- HTML, CSS, JavaScript – Infosys Springboard.
- Java fundamentals –YellowMatics.

AREA OF INTEREST

- Agentic AI.
- Data Science.
- Artificial Intelligence.

HOBBIES

- Listening to music for relaxation and focus.
- Exploring emerging technologies and AI tools.
- Watching anime and analysing storytelling & character development.

EXTRACURRICULAR ACTIVITIES

- **Story Telling** – Enhanced creativity, confidence through engaging storytelling sessions.
- **Planning & Execution –** Organizing activities by coordinating schedules and ensuring smooth execution.

CO–CURRICULAR ACTIVITIES

- Participated in technical and non-technical college events.
- Actively involved in team activities like group discussions.
- Practicing problem-solving through coding and logical thinking.
- Interested in exploring new technologies and learning beyond academics.

LEADERSHIP ACTIVITIES

- **Event Organization –** Coordinated academic and college events by managing schedules and team responsibilities.
- **Mentoring Classmates/Juniors –** Guided peers in programming concepts and academic topics through collaborative learning.
