OBJECTIVE

Motivated and enthusiastic B.E. graduate seeking an opportunity to start my career in a reputed organization where I can apply my skills in Java, Cloud Computing, and AI tools, enhance my technical knowledge, and contribute to organizational growth while building a successful professional career.

EDUCATION

Kongunadu College of Engineering and Technology — Expected: 2027
B.E. Computer Science and Engineering — **CGPA: 7.2 / 10**

Bishop Heber Higher Secondary School — 2022-2023
Higher Secondary Education — **65%**

TECHNICAL SKILLS

Programming Language	Java
Web Technologies	HTML
Cloud & DevOps	Cloud Fundamentals, Docker
Database	MySQL
Tools	GitHub, VS Code

INTERNSHIP EXPERIENCE

Intern — GenAI — Nov 2025 – Dec 2025
Zoro Technology, Nagercoil

- Assisted in developing AI-powered applications using Generative AI tools.
- Worked with AI models to generate text, summarize content, and automate tasks.
- Created and tested prompts to improve AI-generated responses.

Intern — HRMS Web Development — June 2025 (15 Days)
e-Soft IT, Trichy

- Assisted in the development of HRMS web application modules.
- Worked on designing and updating web pages.
- Created user-friendly forms for employee data management.

PROJECTS

AI-Based Skin Disease Detection

- Developed an AI-powered skin disease detection system using machine learning and image processing techniques to identify skin conditions from uploaded images.
- Improved disease classification accuracy through data preprocessing, model training, and performance evaluation, enabling faster and more reliable preliminary diagnosis.

Deepfake Detection for Secure Video Conferencing

- Developed an AI-based system to detect deepfake videos during video conferences.
- Analyzed facial features and video frames to identify manipulated content in real time.
- Improved meeting security by alerting users about suspected deepfake videos.

CERTIFICATIONS AND ACHIEVEMENTS

- Presented a research paper on Cyber Security at another college's technical symposium, strengthening research and communication skills.
- Participated in an Inter-College Hackathon, collaborating with a team to develop innovative solutions under time constraints.
- Winner of the Zonal Level Football Tournament during school, demonstrating leadership, teamwork, and discipline.
- NPTEL — Software Testing, IoT.
