PROFESSIONAL SUMMARY

Motivated Computer Science and Engineering student with hands-on experience in software development and AI-based projects. Passionate about building practical and innovative solutions to real-world problems. A quick learner with strong problem-solving abilities, adaptability, and a willingness to continuously learn and contribute effectively to collaborative projects.

EDUCATION

- **B.E., Computer Science and Engineering**
  Kongunadu College of Engineering and Technology, Trichy 2023-2027
  CGPA: 7.9/10.00
- **SSLC**
  Little Flower Girls' Higher Secondary School, Manapparai 2020-2021
  Percentage: 100
- **HSC**
  Little Flower Girls' Higher Secondary School , Manapparai 2022-2023
  Percentage: 87.5

TECHNICAL SKILLS

- **Programming** : Java, Python
- **Web Technologies** : HTML, CSS, JavaScript
- **Database** : MySQL
- **Core Concepts** : Object-Oriented Programming (OOP), DBMS
- **Development Tools** : Visual Studio Code
- **Areas of Interest** : Full Stack Development, Artificial Intelligence, Generative AI

PROJECTS

GenAI-Based Career Guidance and Alumni Mentorship Platform

- Developed an AI-powered platform designed to provide personalized career guidance, course recommendations, and alumni mentorship support for students.
- Implemented features focused on helping students identify suitable career and learning opportunities based on their interests.
- Designed the project with an emphasis on integrating Generative AI into student career development and mentorship.

AI-Based Early Detection of Diabetic Retinopathy

- Developed a deep learning-based system for the early detection of diabetic retinopathy from retinal fundus images.
- Applied Vision Transformer (ViT)-based techniques for image classification and disease screening.
- Designed the system to support early identification of diabetic retinopathy and assist in preliminary screening.

INTERNSHIPS

- **Full Stack Development-Galwin Technology, Trichy(June 2025 - July 2025)**
  Description: Developed and maintained web applications by designing responsive user interfaces and implementing backend functionalities. Worked on database integration, API development, and full-stack application deployment.
- **IoT-LumiLearn Tech Education, Trichy(Nov 2025 - Dec 2025)**
  Description: Worked on IoT-based applications involving sensor data collection, device communication, and real-time monitoring systems. Developed solutions for data acquisition, processing, and visualization.

CERTIFICATES & ACHIEVEMENTS

- Participated in various technical events including Workshops, Paper Presentation and Hackathons and earned certificates for active participation
- Achieved Distinction in both Lower and Higher English Typewriting Examinations.
- Successfully completed NPTEL courses and earned certfication in IoT and Data Analytics with Python.
- Completed a Java programming certification covering core concepts and object-oriented programming.
- Completed training in web development using Python, Django and Flask and earned Certification.

EXTRA-CURRICULAR ACTIVITIES

- NSS Volunteer
- Member of Computer Society of India (CSI)
- Member of Science Club
- Member of Tamil Mandram
