VISWANATHAN V

B.Tech – Artificial Intelligence & Data Science

Email : vviswanathan132005@gmail.com
Phone No : +91 9025871525
LinkedIn : linkedin.com/in/Viswanathan-v-0ba82031a

PROFESSIONAL SUMMARY

B.Tech Artificial Intelligence & Data Science student with hands on experience in Python, Java, SQL, Machine Learning, NLP, and Web Development. Skilled in AI application development, data preprocessing, model training. Strong in problem-solving, debugging, analytical thinking, and teamwork, with a passion for building practical software solutions.

EDUCATION

Degree	Institute/Board	CGPA/Percentage	Year
B.Tech	KONGUNADU COLLEGE OF ENGINEERING AND TECHNOLOGY	7.25	2023-2027
HSC	VIVEKANANDA HR SEC SCHOOL	76%	2022-2023

TECHNICAL SKILLS

Programming languages: Python, Java.
Databases: MySQL,SQL,MongoDB.
Web Technologies: HTML5, CSS3.
Tools: VS code, Google Colab, Jupyter Notebook.
AI/ML Techniques: NLP, LLMs, Deep Learning, Machine Learning.

WORK EXPERIENCE

AI/ML INTERN | INFOEM SOFTWARE SOLUTIONS

- Applied Python and Machine Learning concepts to practical software development tasks.
- Performed data preprocessing, dataset preparation, model implementation, and performance evaluation.
- Gained practical exposure to the machine learning development lifecycle and AI-based applications.

FRONTEND DEVELOPMENT INTERN | IDEAL FORMATIC GROUP OF COMPANIES

- Developed responsive and user-friendly web interfaces using HTML and CSS.
- Implemented webpage structures, styling, and UI components based on project requirements.
- Collaborated with the development team to improve website usability and user experience.

PROJECTS

CREDIT CARD FRAUD DETECTION - Technologies: Python, Machine Learning, Random Forest

- Developed a machine learning-based fraud detection system using supervised learning and Random Forest.
- Analyzed transaction patterns and identified key features to improve fraud detection performance.
- Achieved 98.4% prediction accuracy using an optimized Random Forest classification model.

SMART BILLING AND ANALYTICS SYSTEM

- Developed an automated billing and sales analytics system for retail transaction management.
- Implemented product management, billing generation, transaction processing, and sales reporting modules.
- Improved billing efficiency by approximately 40% through process automation.

ADDITIONAL TRAINING & CERTIFICATION

- Java programming Training – Hands on coding practice using HackerRank and LeetCode.
- Machine Learning and Deep Learning Training – Hands on training using Google Colab.
- Introduction to Internet of Things (IoT) | NPTEL.
- HDCA(Honours Diploma in Computer Application)

ACHIEVEMENTS & AWARDS

- Participated in a Paper Presentation conducted at Kongu College of Engineering.
- Participated in a Technical Workshop on **Block Chain** organized by KSR Engineering College.
- Participated in a Paper Presentation conducted at Karpagam College of Technology.
- Participated in a Hackathon conducted by VIT-Chennai.
- Participated in a Hackathon conducted by New prince shri bhavani college of engineering and technology-Chennai.
