Professional Summary

Detail-oriented Artificial Intelligence and Data Science undergraduate with strong analytical and problem-solving abilities. Hands-on experience in data analysis, reporting, and deriving actionable insights through academic projects and internships. Skilled in Python, SQL, Power BI, and Excel with excellent communication and stakeholder management capabilities. Passionate about leveraging data to improve operational efficiency, support decision-making, and deliver customer-focused solutions.

Technical Skills

Programming Languages: Python, Java, JavaScript
Data Analysis: Pandas, NumPy, SQL, Excel, Power BI
Databases: MySQL, MongoDB, SQLite
Visualization: Power BI, Excel Dashboards
Tools: Jupyter Notebook, VS Code, MS Office
Core Competencies: Data Gathering and Analysis, Problem Solving, Decision Making, Critical Thinking, Stakeholder Communication, Customer Focus, Relationship Management, Service Excellence

Education

Bachelor of Technology in Artificial Intelligence and Data Science 2022 – 2026
R P Sarathy Institute of Technology, Salem, Tamil Nadu
CGPA: 8.0/10

Higher Secondary Education (Class XII) 2021 – 2022
Jaisakthi Matric Higher Secondary School, Palacode, Dharmapuri, Tamil Nadu
Percentage: 64.3%

Secondary School Education (Class X) 2019 – 2020
Jaisakthi Matric Higher Secondary School, Palacode, Dharmapuri, Tamil Nadu
Percentage: 88.2%

Projects

Face Detection Application **Python, OpenCV, TensorFlow**

- Developed a real-time face detection system using OpenCV's DNN module and TensorFlow.
- Implemented confidence thresholding and live webcam detection.
- Analyzed detection outputs to improve reliability and accuracy.

Rule-Based Chatbot **Python, NLTK**

- Designed a chatbot using predefined rules and pattern matching techniques.
- Processed user queries and generated contextual responses.
- Demonstrated logical thinking and problem-solving abilities.

Spring Boot Application **Java, Spring Boot, Maven**

- Developed RESTful APIs using Spring Boot and Maven.
- Applied modular architecture and object-oriented design principles.
- Implemented validation and exception handling mechanisms.

Portfolio Website **ReactJS, JavaScript**

- Built a responsive portfolio website showcasing projects and technical skills.
- Enhanced user experience using reusable UI components.

Internships

Cyber Security Intern – Skill Intern Jan 2025

- Worked on network security fundamentals, threat analysis, and implementing basic protection strategies.

Data Analytics Intern – Odugaa Tech Jun 2024

- Collected, cleaned, and analyzed datasets using Python, SQL, and Excel.
- Generated reports and visualizations to support decision-making processes.
- Identified trends and insights to improve operational effectiveness.
- Collaborated with team members to communicate findings effectively.

Blockchain Intern – Optimus Aug 2023

- Acquired foundational understanding of blockchain concepts and their applications.

Certifications

- Build Your Own Static Website – May 2025
- Build Your Own Responsive Website – Jan 2025
- AWS Workshop (NxtWave) – Jun 2024
- Power BI Workshop (NxtWave) – Jun 2024
- Redesigned App using Figma – Dec 2024
- ICT Academy Learnathon Participation – Dec 2024

Additional Information

- Strong analytical mindset with the ability to interpret and synthesize data from multiple sources.
- Effective communicator with experience presenting findings and collaborating with diverse stakeholders.
- Customer-focused approach with a commitment to service excellence.
- Willing to travel and work onsite as required.
- Quick learner with adaptability to dynamic operational environments.

Declaration

I hereby declare that the information furnished above is true and correct to the best of my knowledge and belief. I take full responsibility for the accuracy of the details mentioned in this resume.

Place: Dharmapuri, Tamil Nadu
