MEGHASRI SANKAR

B.E. Computer Science and Engineering

+91 75989 51355 — Meghasankar2006@gmail.com — GitHub — LinkedIn

Professional Summary

Computer Science undergraduate with knowledge of Java, C, SQL, HTML, CSS, JavaScript, and Bootstrap. Familiar with developing responsive web applications and software solutions through academic projects. Interested in software development, problem solving, database management, and learning new technologies. Looking for an opportunity to apply technical knowledge and contribute to software development projects.

Education

Sri Shanmugha College of Engineering and Technology **2023 – 2027**
Bachelor of Engineering (Computer Science and Engineering)
CGPA: **9.03 / 10**

SPM Higher Secondary School **2022 – 2023**
Higher Secondary Certificate (HSC)
Percentage: **90%**

Technical Skills

Programming Languages: Java, C
Web Technologies: HTML5, CSS3, JavaScript, Bootstrap
Database: SQL,MongoDB
Tools: Git, GitHub, VS Code.
Core Concepts: Object-Oriented Programming (OOP), SQL, Responsive Web Design

Projects

Hostel Outpass Management System *Full Stack Web Application*

- Developed a full-stack web application to automate student outpass submission, approval workflows, and return-status tracking.
- Implemented Role-Based Access Control (RBAC) with role-specific authorization for students, HODs, wardens, and administrators.
- Implemented CRUD operations for managing student details, user accounts, outpass requests, approval records, and return details.
- Designed an approval workflow with request validation, status management, and role-based approval or rejection of outpass requests.
- Integrated database storage to maintain student records, outpass requests, approval status, and return details for centralized record management.

Certifications

- NPTEL – Programming in Python (IIT / SWAYAM)
- NPTEL – Cloud Computing (IIT / SWAYAM)

Work Experience

BPO Intern – Interme

- Improved communication and customer service skills through professional customer interactions.
- Worked collaboratively in a team-oriented environment while assisting in resolving customer queries.
