SUMMARY

Recent B.E. Computer Science and Engineering graduate with hands-on project experience in Python, machine learning, and web application development. Completed a 3-month AI/ML virtual internship and built two academic projects covering AI-based hardware integration and full-stack healthcare web development. Strong communicator and quick learner with proven teamwork, leadership, and problem-solving abilities, seeking an entry-level opportunity to apply technical and interpersonal skills toward organizational growth.

TECHNICAL SKILLS

- Programming Languages: Python, JavaScript
- Web Technologies: HTML, CSS
- Libraries and Tools: Pandas, NumPy, Machine Learning fundamentals
- Core Competencies: Communication, Quick Learning, Decision Making, Teamwork, Leadership, Problem-Solving
- Languages Spoken: English, Tamil

ACADEMIC PROJECTS

AI Wearable for Sleep Apnea Monitoring — Major Project **Jan 2026 - Apr 2026**

- Developed an AI-based wearable device for monitoring sleep apnea conditions in real time.
- Applied Python, Machine Learning, Pandas, and NumPy to process and analyze health sensor data.
- Designed the hardware device to collect physiological data and display output results to the user.

DOC-IN: Doctor-Patient-Pharmacy Integrated Healthcare Application — Mini Project **Nov 2025**

- Built a healthcare web application using HTML, CSS, and JavaScript to connect doctors, patients, and pharmacies virtually.
- Designed the platform to support elderly and mobility-limited patients who cannot travel frequently for care.
- Improved communication and access to healthcare services through an integrated online platform.

INTERNSHIP EXPERIENCE

AI-ML Virtual Internship **Jan 2025 - Mar 2025 (3 Months)**

- Completed a 3-month virtual internship focused on artificial intelligence and machine learning fundamentals and applications.

EDUCATION

Bachelor of Engineering, Computer Science and Engineering **Nov 2022 - May 2026**

Paavai Engineering College | CGPA: 6.77

- Developed strong ability to adapt quickly to new environments and work atmospheres through coursework and project work.

Higher Secondary (12th) and Secondary (10th) **Mar 2020 - May 2022**
