# NISHANTH G

Mechanical Student

+91 8438051976 | nishanthgovindharasu@gmail.com | Cuddalore, Tamil Nadu

## ABOUT ME

Final Year Mechanical Engineering student with a strong interest in manufacturing, production, CAD design, and engineering analysis. Hands-on industrial exposure through an internship at ZF Rane Automotive India, with knowledge of automotive manufacturing, lean practices, quality, and shop-floor operations. Skilled in CATIA V5, SOLIDWORKS, ANSYS Fluent, and GD&T, with a strong interest in applying engineering knowledge to real-world problems.

## EDUCATION

2023-2027
CGPA: 6.88
(up to 6th Semester)

**Bachelor of Engineering – Mechanical Engineering**
Government College of Engineering, Bargur, Krishnagiri, Tamil Nadu
Graduation: 2027

2022 – 2023
Percentage: 74%

**Higher Secondary Certificate (HSC)**
SATHYA SAAI MATRIC HIGHER SECONDARY SCHOOL, PASAR, CUDDALORE

2021 – 2022
Result: All Pass

**Secondary School Leaving Certificate (SSLC)**
SATHYA SAAI MATRIC HIGHER SECONDARY SCHOOL, PASAR, CUDDALORE

## INTERNSHIP

**ZF Rane Automotive India Private Limited** — **Intern | June 2026**

- Gained practical exposure to automotive manufacturing and production processes in a real-world shop-floor environment.
- Observed production workflows, assembly operations, and process flow to understand industrial manufacturing practices.
- Gained exposure to lean manufacturing, quality control, 5S, and workplace safety practices.
- Developed an understanding of production efficiency, quality requirements, and continuous improvement in automotive manufacturing.

## PROJECT

**"Investigation of a Bio-Inspired Modification to the RG-15 Airfoil for Fixed-Wing UAV Applications: A Comparative CFD Study"**

- Designed and analyzed an aerofoil inspired by the aerodynamic characteristics of bird wings using CAD and ANSYS Fluent.
- Performed CFD analysis of the RG-15 reference aerofoil to validate the simulation methodology against published research results.
- Evaluating lift coefficient (CL), drag coefficient (CD), pressure distribution, flow separation, and aerodynamic efficiency for comparison and optimization.

## TECHNICAL SKILLS

CATIA V5 | SOLIDWORKS | ANSYS Fluent | GD&T | MS Office

## CERTIFICATIONS & TRAINING

- Certified SOLIDWORKS Associate (CSWA) — Dassault Systèmes
- PLC Fundamentals Training — Delta Electronics
- GD&T Training — ASME Y14.5:2009
- CNC Machining Training — DMW CNC Solutions India Pvt. Ltd.

## LANGUAGES

- Tamil (Native)
- English (Professional Proficiency)
