PROFESSIONAL EXPERIENCE

Full Stack Developer Intern

SHREETECH | Feb 2026 – July 2026

- Developed and maintained responsive full-stack web applications using HTML, CSS, JavaScript, Bootstrap, React.js, Java, and Node.js, delivering user-friendly and scalable solutions.
- Built and integrated RESTful APIs with MySQL and PL/SQL databases, implemented user authentication and authorization, optimized SQL queries, and performed debugging, testing, and performance improvements.
- Collaborated with development teams using Git and GitHub, participated in Agile/Scrum ceremonies and code reviews, and assisted with application deployment and production maintenance.

Live project :

Atchaya Paathiram Trust — Website (PHP) Designed and developed a dynamic website for a charitable trust using PHP. The site includes information about the organization, donation features, and volunteer management functionality.

TPOM — Product Selling Platform (Next.js) - Developed a full-stack e-commerce web application for selling products using Next.js. Includes product listing, cart management, and user authentication.

PROFESSIONAL EXPERIENCE

Sonar Mine or Rock Prediction — Data Mining

Developed a machine learning model using data mining techniques to classify sonar signals as either mines or rocks. Applied data preprocessing, feature extraction, and classification algorithms to achieve accurate predictions.

Donor Junction — Mobile App (React Native)

Built a cross-platform mobile application to connect blood donors with recipients. Features include donor registration, blood group filtering, and real-time request notifications.

Hope Foundation — Website (PHP)

Created a website for a non-profit foundation to showcase their initiatives, accept donations, and manage volunteer registrations using PHP and MySQL.

CERTIFICATIONS

- Developing Soft Skills and Personality — NPTEL (IIT Certification)
