PROFFESSIONAL SUMMARY

Motivated Information Technology student with a strong foundation in Java, HTML,CSS, and MySQL. Seeking an entry-level Java Full Stack Developer role to apply my technical skills, problem-solving abilities, and passion for software development.

SKILLS

Programming Languages: Java
Web Technologies:HTML,CSS
Database: MySQL
Soft Skills: Problem Solving,Adaptability,Teamwork,Quick Learner

EDUCATION

Kongunadu College of Engineering and Technology, Tiruchirappalli
Bachelor of Technology (B.Tech.) – Information Technology
CGPA: 7.52
Sri Ramakrishna Girls Matriculation Higher Secondary School | 2023 |
Higher Secondary (HSC)
Percentage: 81.6%

INTERNSHIP EXPERIENCE

Full Stack Web Development Intern-Astonish Infotech Private Limited, Tiruchirappalli (JUN 2025)

- Completed training in Full Stack Web Development.
- Gained practical experience in frontend, backend, and web application development.
- Strengthened software development and problem-solving skills.

PROJECT

Agentic AI System for Ensuring Reliability in Survey Data Analytics

- Developed an AI-powered system using Agentic AI and Large Language Models (LLMs) to improve survey data quality.
- Automated the detection and correction of missing values, duplicates, outliers, and inconsistent responses.
- Generated analytical insights to support accurate decision-making.

Technologies: Python, Agentic AI, Large Language Models (LLMs)
Tools: VS Code

Predicting the Quality of Water Using Optical Detection

- Developed an IoT-based water quality monitoring system using optical detection techniques.
- Integrated sensors for real-time monitoring and analysis of water quality parameters.
- Improved water quality assessment through automated data collection.

Technologies: IoT, Embedded Systems
Tools: Arduino IDE, Optical Sensors

CERTIFICATION

- Java Programming Certification
- Japanese Language Proficiency Test (JLPT N4)

HACKATHONS & PAPER PRESENTATIONS

Hackathons:

- **St. Joseph's College of Engineering, Chennai** – Developed an **AI-Powered Cryptanalysis System** using Machine Learning during SMARTATHON 2025.
- **Kongunadu College of Engineering and Technology** – Participated in Smart India Hackathon (SIH) 2025 with the project **NAMASTE & ICD-11 TM2 EMR API Integration**, shortlisted among the top 50 teams in the college-level screening.

Paper Presentations:

- **Annapoorana Engineering College – Digital Twins** Presented a paper on the applications of digital twin technology for real-time monitoring and optimization.
- **Stimulators-24 Technical Symposium – Influence of AI on Language Learning** Presented a paper on the impact of Artificial Intelligence in improving language learning and education.
