6/339 Elurpatty, Thottiyam, Trichy

OBJECTIVES

Enthusiastic Information Technology student with foundational knowledge in programming and web technologies. Strong willingness to learn, adapt, and develop new technical skills while contributing effectively in a team environment. Seeking an opportunity to apply academic knowledge and grow professionally in the IT industry.

EDUCATION

B.Tech-Information Technology - 6.85 CGPA
Kongunadu college of Engineering and Technology
2023 - 2027
Thottiyam, Trichy

Senior Secondary (XII) **-** 64.4%
Government Higher Secondary School
2022 - 2023
Elupatti, Trichy

SKILLS

- **Programming Languages:** Java
- **Web Technologies:** HTML, CSS
- **Database:** MySQL
- **Tools & Platforms:** VS Code, Eclipse IDE, GitHub
- **Designing Tools:** Figma, Canva, Adobe Photoshop
- **Operating System:** Windows
- **Soft Skills:** Problem Solving, Adaptability, Teamwork, Time Management, Continuous Learning

PROJECTS

1. **AI-Enabled Academic and Career Planning System**

- Developed an AI-enabled system to help students choose suitable courses and career paths based on their skills, interests, and academic performance.
- Implemented recommendation logic for course selection, career guidance, and skill gap analysis to provide personalized suggestions.
- Designed a user-friendly interface and collaborated with college stakeholders to improve the accuracy of academic and career recommendations.

2. **IoT Enabled Smart Wheelchair with Realtime Fall Detection & Empathetic Voice Response**

- Designed and developed an IoT-enabled smart wheelchair to improve user safety and independence.
- Implemented real-time fall detection using sensor-based monitoring to detect abnormal movements and trigger emergency alerts.
- Integrated IoT communication and an empathetic voice response system to provide real-time monitoring, emergency assistance, and audio feedback.

INTERNSHIP DETAILS

UI/UX Design Internship

Appin Technology - Coimbatore, Tamil Nadu.

- Learned UI/UX design principles, including user interface design, user experience concepts, wireframing, and prototyping.
- Completed design-related tasks using industry-standard tools while applying UI/UX best practices.
- Built a strong foundation in user-centered design, problem-solving, and professional collaboration during the internship.

CERTIFICATIONS

- Internet of Things Certification – NPTEL (2025)
- Front End Web Development – Infosys Springboard (May 2025)
- MongoDB Basics for Students – MongoDB University (July 2025)
- Stellantis Automotive Software Workshop – IBM, NIT Trichy (March 2025)
- Learning the Visual Design – KNCET (March 2025)

EXTRA CURRICULAR ACTIVITIES

- Member of ISTE (Indian Society for Technical Education).
- Actively participated in paper presentations, technical workshops, and technical events.
- Continuously exploring emerging technologies, including AI, IoT, and UI/UX design.
- Skilled in photo editing, poster design, and social media content creation.

DECLARATION

I hereby declare that the information provided above is true and accurate to the best of my knowledge and belief.
