CAREER OBJECTIVE

Motivated B.Tech Information Technology student with strong fundamentals in Java, Python, Web Technologies, and Database Management. Quick learner with excellent adaptability, seeking opportunities to apply technical skills and contribute to software development projects.

EDUCATION

B.Tech, Information Technology — *Kongunadu College of Engineering and Technology, Trichy* *2023 – 2027*
Higher Secondary — *Government Higher Secondary School (76%)* *2022 – 2023*
Secondary School — *Government Higher Secondary School (All Pass)* *2020 – 2021*

TECHNICAL SKILLS

- **Programming Language:** Java, Python
- **Web Technology:** HTML, CSS
- **Database:** MYSQL, MongoDB
- **Developer Tools:** Git, GitHub, VS Code
- **Cyber Security Tools:** Wireshark, Burp Suite, Nmap

SOFT SKILLS

- Adaptability to New Environments • Quick Learner • Team Collaboration

INTERNSHIP

Full Stack Developer Trainee — e-soft IT Solutions *Jun 2025*
Built and integrated dynamic web pages with database connectivity across front-end and back-end components using HTML, CSS, JavaScript, Java, and MySQL, gaining hands-on full stack development and problem-solving experience.

PROJECTS

OSINT Powered Network Security System *HTML, CSS, SQLite, Python, REST APIs, Chart.js*
Developed an OSINT-based network security monitoring system to detect suspicious domains and network threats using manual and automatic analysis; analyzes DNS logs, stores detected threats in SQLite, and visualizes results through an interactive dashboard.

Smart Irrigation System *Arduino IDE, C++*
Built an IoT-based smart irrigation system that automates plant watering using soil moisture sensors, activating the water pump when moisture drops below a defined threshold to reduce water wastage and improve irrigation efficiency.

CERTIFICATIONS

- Core Java Certification — Yellowmatics.ai, Kongunadu College of Engineering and Technology
- Python Essential 1 — Cisco Networking Academy program
- Networking Basic — Cisco Networking Academy program
- Advanced Cyber Security Certification — Hackup Technology
- Computer Office Automation (Government Certification)

HACKATHONS & CURRICULAR ACTIVITIES

- Participated in MSME Hackathon, presenting a solution (2024)
- participated in InnoHack Hackathon at VIT College
- Attended technical workshops on Networking (KSR College of Engineering)
