CAREER OBJECTIVE

Passionate about designing and developing user-centric web applications that deliver seamless and engaging experiences. Committed to leveraging strong problem-solving skills, creativity, and attention to detail to build efficient, scalable, and maintainable web solutions. Eager to contribute to innovative projects and continuously learn emerging technologies to drive impactful results in web development.

EDUCATION

SSLC : Sri Vidhya Mandhir Matric Higher Secondary School, Namakkal (2019) — Percentage:**73.2%**

HSC : Sri Vidhya Mandhir Matric Higher Secondary School, Namakkal (2021) — Percentage:**81.3%**

MSc Software Systems : Kongu Engineering College,Perundurai (2021-2026) — CGPA:**7.41**

PROJECTS

SERIFINE

SERIFINE aims to bridge the gap between traditional silk farming and modern digital convenience, empowering farmers with the tools and information needed for success in the sericulture industry. (https://serifine-demo-ac5a7.web.app/)

- **Technology Used:** Vite + React.js , Firebase.

Dual axis solar tracking system

A dual-axis solar tracking system adjusts solar panels in both horizontal and vertical directions to maximize sunlight absorption throughout the day. This improves energy efficiency by keeping the panels aligned with the sun's movement, increasing power output compared to fixed systems.

- **Technology Used:** Embedded C, LDR sensors, Photo-voltic panel, Servo motors.

A Deep learning-driven Lung disease classification using CCRBM algorithm for future prognosis and forecasting (Research and development)

A deep learning-driven lung disease classification system using the CCRBM algorithm enhances early diagnosis and prognosis. It accurately predicts disease progression and aids in medical forecasting by analyzing complex patterns in medical imaging and patient data.(https://ieeexplore.ieee.org/document/11182929)

- **Technology Used :** SEIRF Model, Restricted-boltzmann machine algorithm.

SKILLS AND TECHNICAL EXPERTISE

- **Leadership & Team Management:** Team coordination, Time Management, Communication and Problem Solving
- **Programming Languages:** C, C++, Java, Python.
- **Designing Tools:** Figma.
- **Development Skills:** HTML, CSS, Bootstrap, JavaScript & typescript, React.js, Flutter, MySQL, Mongodb, Firebase.
- **Certifications:** Oracle Apex Cloud Developer, MySQL Implementation Associate, MySQL 8.0 Database Administrator.
- **Internships:** Crescent moon Consulting Services, Erode (as Web Developer).

POSITIONS OF RESPONSIBILITY

Intra department **Event Co-ordinator** Mescia 2024, Association of CT-PG.
Tamil Mandram **Event Co-ordinator** (Dhuruvam-2023).
NSS Member Conducted Traffic Awareness Rally (2022).

ACHIEVEMENTS

Third Prize on Internal Ideathon **Proof Of Concept**, KEC (2024).
Third Prize on Internal Ideathon, KEC (2023).
Second Prize on Internal Ideathon **Proof Of Concept**, KEC (2022).
