PROFESSIONAL SUMMARY

Gemini Certified Student and **Python focused Full-Stack Developer** with hands-on experience building and deploying web applications using React.js, Next.js, Node.js, Express.js, and REST APIs. Experienced in developing responsive interfaces and end-to-end web solutions with a strong focus on problem-solving, teamwork, and practical project development.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Python, HTML5, CSS3
Frontend: React.js, Next.js, Tailwind CSS
Backend: Node.js, Express.js, REST APIs
Databases: PostgreSQL, MySQL, MongoDB
Tools & Technologies: Git, GitHub, JWT, RBAC, OOP, Data Structures & Algorithms
Soft Skills: Problem Solving, Team Collaboration, English Communication, Quick Learning

PROFESSIONAL EXPERIENCE

Associate Product Manager – HOGC Enterprise Pvt Ltd **Jun 2026**

- Conducted market research and translated customer requirements into product improvements.
- Collaborated with stakeholders and developers to deliver product presentations and customer-focused solutions.

Web Developer Intern – Auro Creative Studio **Jun 2026 – Aug 2026**

- Dveloped and deployed a full-stack File Management Platform using React.js, Node.js, Express.js, and PostgreSQL.
- Built REST APIs and implemented file upload, preview, folder management, search, and permission-based access control features.

UI/UX Developer Intern – RootPro Technologies **Dec 2025 – Jan 2026**

- Analyzed user behaviors, elevating platform engagement by 25% via UI adjustments.
- Delivered high-quality project benchmarks, reducing turnaround time by 30%.

Devops Intern – BICS Global **July 2025 - Aug 2025**

- Docker & Git: Hands-on experience with Docker and Git/Git Bash.

TECHNICAL PROJECTS

Nalam — Bilingual AI-Powered Telehealth Platform (Live Demo)

- Architected a bilingual (Tamil-English) telehealth platform using Next.js, TypeScript, and Tailwind CSS.
- Implemented end-to-end workflows including appointment booking, video consultation, and digital prescriptions.
- Deployed AI consultation features and built secure, role-based dashboards (RBAC) for patients and doctors.

Drive Vault — Full-Stack File Management Platform (Live Demo)

- Engineered a secure full-stack file management platform using React.js, Node.js, Express.js, and Neon PostgreSQL.
- Integrated JWT authentication, role-based access control (RBAC), and deployed pipelines using Vercel and Render.

AI Spend Optimization Dashboard (Live Demo)

- Built Next.js web application for engineering managers to track s/w overheads and monitor AI tool subscriptions.
- Configured data tracking systems to identify redundant tools, cutting software costs by 20%.

EDUCATION & CERTIFICATION

B.Tech in Information Technology | CGPA: 8.7 / 10.0 - **Jeppiaar Engineering College**, **Chennai** **Sep 2023 – May 2027**

Certifications : Python for Data Science – **NPTEL** (2025)
