Electrical and Electronics Engineer

Summary

Aspiring Electrical Engineer with a strong interest in power systems and electrical engineering applications. Seeking an entry-level opportunity to contribute to engineering projects, gain hands-on industry experience, and grow within a dynamic organization focused on innovation, quality, and technical excellence.

Skills

Matlab | Proteus | SystemAdvisoryModel | STM32CubeIDE | EmbeddedSystem | Electronicconverting Analysis

Education

M. Kumarasamy College of Engineering

Bachelor of Electrical and Electronics Engineering, CGPA: 8.14 — Karur

2026

Government Higher Secondary School

Higher Secondary Certificate — Ramapuram,Namakkal

2022

With a percentage of 76%

Government Higher Secondary School

Secondary School Leaving Certificate — Ramapuram,Namakkal

2020

With a percentage of 88%

Experience

PRODIGY INFOTECH

Software Developer

I completed an online Software Development Internship at Prodigy Infotech During the internship, I worked on project-based tasks, improved my programming skills, and gained hands-on experience in software development through online learning and practical assignment

TVS Mobility Private Limited

Intern

Feb 2026 - Feb 2026 — Namakkal, Tamil Nadu

Contributed to electrical circuit design, schematic preparation, circuit testing, troubleshooting, and technical documentation while gaining hands-on experience in automotive electrical systems and engineering design practices.

PoweredbyResumeGemini

Projects

Title : OPTIMIZED GA BASED CONTROL OF BLDC MOTOR FOR THE INDUSTRIAL APPLICATIONS WITH BOOST CONVERTER

Contributed to the design, simulation, and performance analysis of an optimized GA-based BLDC motor control system with a boost converter for industrial applications

Title : CLOUD BASED BMS DATA ANALYTICS USING IOT FOR EV

Contributed to the design and implementation of an IoT-based cloud-integrated Battery Management System (BMS) for EV applications, enabling real-time data monitoring and analytics.

Certifications

ZOHO young creaters program

TECHFINIX'23- Paper Presentation

ERSMERONZ'24 - Discovering Innovations

CRYPTERA 2024-Paper Presentation
