- Excel
- Mysql
- Python
- Powerbi
- Html
- Css
- Canva
- Figma

EDUCATION

2023- Present

Bachelor Of Engieering-Computer Science Engineering
SSM COLLEGE OF ENGINEERING

currently pursuing the final year of Bachelor of Engineering in Computer Science and Engineering with a strong foundation in programming, database management, software development, and problem-solving. Passionate about continuously learning new technologies and applying technical knowledge through academic projects and practical experience.

2016 - 2022

School education
GOVERNMENT BOY'S HIGHER SECONDARY SCHOOL

Completed Higher Secondary Education with a strong academic foundation, developing analytical thinking, communication, and problem-solving skills while actively participating in academic and extracurricular activities.

PROJECTS

Mobile Market Analysis Dashboard | Microsoft Excel (Data Cleaning, Pivot Tables, Pivot Charts, Slicers)

- Analyzed the 2025 mobile phones dataset to identify trends in brands, pricing, RAM, storage, battery capacity, camera specifications, and customer ratings.
- Built an interactive Excel dashboard using Pivot Tables, Pivot Charts, Slicers, and Excel formulas to visualize key insights and compare mobile market performance effectively.

E-Commerce Sales Analytics | SQL (MySQL)

- Analyzed e-commerce sales data using SQL to identify sales trends, customer purchasing behavior, product performance, and revenue insights.
- Utilized SQL queries with JOINs, GROUP BY, HAVING, Aggregate Functions, Subqueries, and Window Functions to generate meaningful business insights and support data-driven decision-making.

BMW Car Sales Analysis Dashboard | Power BI (Power Query, Data Modeling, DAX, Interactive Dashboards)

- Analyzed BMW car sales data to identify sales trends, revenue performance, top-selling models, regional sales distribution, and customer purchasing patterns.
- Developed an interactive Power BI dashboard using Power Query, DAX measures, KPIs, slicers, and advanced visualizations to provide actionable business insights and support data-driven decision-making.

INTERNSHIP

Inzovate technology

- Gained hands-on experience in data collection, data cleaning, exploratory data analysis (EDA), data visualization, dashboard development, and KPI reporting.
- Worked with Microsoft Excel, SQL, Power BI, and Python to analyze business data and generate actionable insights.

Certificates

- Oracle Cloud Infrastructure 2025 Certified Foundations Associate | Oracle University | 2025
- Data Science Internship Completion | Persevex | 2026
- IP-to-IPO Innovation Competition – Startify 3.0 | Centre for Entrepreneurship Development, Anna University | 2025
