Technical Skills

- UI/UX, Figma
- Data Analysis
- SQL, SQL SERVER
- Java, OOPS
- Python,Pandas
- Excel
- Git

Soft Skills

- Teamwork
- Leadership
- Adaptability
- Problem-solving
- Time Management

Educational Qualification

BANNARI AMMAN INSTITUTE OF TECHNOLOGY, ERODE.

B E COMPUTER SCIENCE AND DESIGN ENGINEERING

CGPA: 8.56

CAMBRIDGE MATRICULATION HIGHER SECONDARY SCHOOL,TIRUPPUR.

HSC PERCENTAGE:95

SSLC PERCENTAGE: 89

Achievements

- Solved 682+ LeetCode problems (591 Java, 91 SQL).
- Earned 5 ★ SQL and 2 SQL Certifications on HackerRank.
- Passionate about Data Structures & Algorithms, Full-Stack Development, and Database Management, and Data Engineering with a commitment to continuous learning and technical growth.

Career Objective

Computer Science and Design graduate with proficiency in Java, SQL, Python, and UI/UX Design. Skilled in problem-solving, database management, and building user-focused applications. Eager to contribute to a dynamic organization while expanding my expertise in software development and data-driven technologies.

Projects

1.Making Shooting and Task Based Game App

Tools: Unity, Blender, Figma

- Designed an interactive shooting and mission-based game with engaging gameplay mechanics.
- Created user interface screens and game assets to improve the overall player experience.
- Implemented multiple levels, scoring features, and task-based missions to enhance gameplay.

2.Unifiied Pension Verification System

Tech Stack: React.js, Spring Boot, MySQL, MongoDB

- Developed a full-stack web application to verify pension eligibility and manage pension records.
- Built responsive user and officer portals using React.js and Spring Boot with secure login functionality.
- Integrated MySQL for user data and MongoDB for document storage, ensuring efficient data management.

3.Event Artists Booking Web Application

Tech Stack: HTML, CSS, JavaScript, MySQL

- Developed a web application that enables users to search, book, and manage event artists.
- Designed a responsive and user-friendly interface to simplify the booking process.
- Created and managed the MySQL database for artist profiles, bookings, and user information.

Certifications

- Microsoft Fabric Analyst Associate Certificate - Microsoft
- Graphic Design Course-Jegan School of Arts
- Getting Started with AWS Cloud Essentials-AWS Training & Certification
