UTHAYASANKAR C

Software Engineer | Chennai
uthayabi77@gmail.com | +91 63694 08094 | github.com/Uthay0908 | linkedin.com/in/uthayasankar09 | Tamil Nadu, India

PROFESSIONAL SUMMARY

2026 B.Tech graduate in Information Technology (CGPA 8.2/10) with a solid understanding of programming concepts, software design, and software development principles, built through two software engineering internships and multiple independent projects. Comfortable working with minimal supervision to deliver accurate, reliable results, and experienced collaborating with cross-functional teams in Agile settings to achieve shared project goals. Skilled in Java, backend development (Spring Boot, Hibernate), full-stack web development (ReactJS, MySQL), and REST API design, with a strong foundation in object-oriented programming, data structures, and algorithms. Looking to apply this foundation as a Software Engineer, contributing directly to project performance and team outcomes at Capgemini.

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL
CS Fundamentals: Object-Oriented Design, Data Structures, Algorithm Design, Complexity Analysis, Problem Solving
Systems & Databases: Relational Databases (MySQL, MongoDB), DBMS, Operating Systems, Computer Networks
Frameworks & Libraries: Spring Boot, Hibernate, JPA, ReactJS, JDBC, REST APIs
Tools & Practices: Git, GitHub, Maven, Postman, Agile/SDLC, Software Testing & Debugging

PROFESSIONAL EXPERIENCE

Web Development Intern — Accent Techno Soft *Jul 2024 – Aug 2024*

- Developed and maintained responsive full-stack web applications using HTML, CSS, JavaScript, ReactJS, and Django, integrating backend logic with MySQL databases.
- Implemented CRUD operations and performed software testing and debugging to improve application reliability and reduce load times.
- Collaborated with cross-functional teams using Git/GitHub for version control, code reviews, and deployment following SDLC best practices.

Full Stack Web Development Intern — Acmegrade (Remote) *Feb 2024 – Mar 2024*

- Built and deployed end-to-end web applications using ReactJS, HTML, CSS, and MySQL, designing REST APIs for frontend-backend communication.
- Debugged backend applications and validated functionality throughout the Software Development Life Cycle in an Agile team environment.
- Used Git for version control and supported technical documentation, testing, and cloud deployment activities.

PROJECTS

Robust Multi-Modal Transformer Framework for Deepfake Detection | *Python, Machine Learning, Deep Learning, Transformers*

- Engineered a multi-modal artificial intelligence framework combining RGB, frequency-domain, and audio feature analysis with transformer architectures to detect deepfake media.
- Applied machine learning algorithms and iterative testing to improve model robustness, strengthening skills directly applicable to AI-driven automation.

Flight Booking System | *Java, Spring Boot, Hibernate, MySQL, JSP, Servlets*

- Designed and developed a full-stack booking application using MVC architecture, implementing user registration, authentication, and session management.
- Built CRUD operations with Hibernate ORM and HQL against a relational database (MySQL) for efficient data interaction; performed verification, validation, and debugging to ensure reliability.

Smart Helmet — IoT-Based Accident Detection System | *Arduino, Sensors, GPS, Embedded Automation*

- Developed an embedded automation system integrating alcohol detection, GPS tracking, and Arduino sensors to trigger real-time emergency alerts on accident detection.

SmartRation Management System | *ReactJS, Flask, MySQL*

- Built a full-stack inventory and customer management system with OTP-based authentication and a bilingual interface, using ReactJS and Flask REST APIs.

CERTIFICATIONS

Programming in Java (NPTEL) • Database Management Systems (NPTEL) • Spring & Spring Boot (Infosys Springboard) • Mobile App Development Workshop (IIT Madras)

EDUCATION

B.Tech, Information Technology — Nandha College of Technology, Anna University *2022 – 2026 (Completed)*
CGPA: 8.2 / 10
