VAIDURYAA VP

Phone: +91 9342933489 | Email: vaiduryaavp04@gmail.com | LinkedIn

B.Tech Information Technology graduate (2026) from Sri Eshwar College of Engineering with hands-on experience in Machine Learning and Data Science through internships and project work. Proficient in Python, scikit-learn, SQL, Power BI, and Tableau, with proven ability to build end-to-end ML solutions across healthcare, finance, and computer vision domains.

EDUCATION

Sri Eshwar College of Engineering	**B.Tech(IT)**	**CGPA: 7.86(up to 8th Sem)**	**2022-2026**
Green Park Higher Secondary School	**HSC**	**89%**	**2020-2021**
Green Park Higher Secondary School	**SSLC**	**77%**	**2019-2020**

INTERNSHIP

MACHINE LEARNING – WIMERA **2025**

Worked on real-time projects using company datasets, applying ML techniques to derive meaningful insights and improve data-driven decision-making.

DATA SCIENCE – V3 ANALYTICS **2024**

Performed data cleaning, preprocessing, and analysis using Python, SQL, and Excel. Assisted in developing, training, and evaluating machine learning models. Gained hands-on experience in web scraping, data extraction, and visualization, enabling the transformation of raw data into meaningful insights for data-driven decision-making.

PROJECTS

LOAN APPROVAL SYSTEM — Python, Pandas, NumPy, Scikit-learn, Streamlit **2025**

- Designed and implemented a system to automate loan eligibility checks using user financial data and predictive models, improving decision accuracy and processing time, with a user-friendly interface for loan application submission and admin approval workflow.

SYNTHETIC MRI IMAGE GENERATION USING WGAN-GP — PyTorch, Python, TorchVision **2025**

- Developed a GAN-based model to generate high-quality synthetic MRI scans for medical research, evaluating image quality using SSIM and FID to enhance data availability while ensuring patient privacy.

DUAL SIGN LANGUAGE RECOGNITION SYSTEM — Python, OpenCV, MediaPipe **2024**

- Developed a recognition system enabling users to switch between American Sign Language (ASL) and Indian Sign Language (ISL), using machine learning and computer vision techniques for real-time gesture interpretation.

CERTIFICATIONS

Certified in Data Visualization by TATA	Forage	2025
Certified in Intermediate Python Programming	Sololearn	2023
Certified in Web Development Bootcamp	Udemy	2023
Certified in Mastering Data Structures & Algorithms using C	Udemy	2023

ACHIEVEMENTS

President of Information Technology Department – Academic Year 2025–2026

Student Mentor and Active Member of the Student Mentoring Club, guiding and supporting students in academic and engagement activities.

CodeChef: Max Rating- 820 Solved 100+problems and attended 5+contests

LeetCode: Max Rating-1,309 Solved 100+problems and attended 10+ contests

Googleathon 2.0: Development of an Automated Video Frame Summarization System for CCTV Timestamp

Student innovation Project Expo: Participated and Secured 1st place in the inter college event

Domain Project Expo: Participated and Secured 1st place for the Cyber Security project

Smart India Hackathon : Selected as finalist in Internal SIH hackathon

SKILLS

Languages	Python
Libraries	Numpy, Pandas, scikit-learn, matplotlib, Streamlit
Visualization Tools	Power BI, Tableau, Excel
Developer Tools	GitHub, VS Code , Jupyter Notebook, Google
Databases	MySQL , MySQL server, MongoDB
