PROFESSIONAL SUMMARY

B.Tech IT graduate with 7+ months of professional experience as a Web Developer and Documentation Specialist at Santhila Databot Private Limited, plus hands-on internship experience across web development and IoT. Proficient in HTML5, CSS3, JavaScript (ES6+), React.js, Node.js, and Express.js. Skilled in building responsive, cross-browser-compatible web applications using agile workflows and version control (Git/GitHub). Demonstrated ability to deliver full-stack solutions, RESTful integrations, technical documentation, and IoT-embedded projects. Passionate about frontend development, cybersecurity, and continuously advancing technical skills as a React + Node.js Full Stack Developer.

WORK EXPERIENCE

Web Developer & Documentation Specialist | *Santhila Databot Private Limited* Nov 2025 – Present

- Design and develop responsive, mobile-first web applications using HTML5, CSS3, JavaScript (ES6+), and React.js, ensuring cross-browser compatibility and optimal user experience.
- Prepare and maintain comprehensive technical documentation including API documentation, user manuals, system specifications, and project requirement documents.
- Collaborate with cross-functional teams using agile methodology to deliver iterative web solutions, gather requirements, and incorporate stakeholder feedback.
- Implement DOM manipulation and dynamic UI components to enhance interactivity and performance of web interfaces.
- Maintain codebase quality through version control workflows using Git and GitHub, conducting code reviews and ensuring clean, maintainable code.
- Integrate REST APIs into frontend interfaces and support backend web services built with Node.js and Express.js.

Web Development Intern | *Mayura Software Solutions* Jun 2024 | 1 Month

- Contributed to frontend development tasks using HTML5, CSS3, and JavaScript in a professional team environment following agile development practices.
- Built and tested responsive UI components, ensuring cross-browser compatibility and adherence to web accessibility standards.
- Gained hands-on experience with version control workflows using Git and GitHub in a collaborative codebase.

Web Development Intern | *Cognifyz Technologies* Mar 2024 | 1 Month

- Developed and styled web pages using HTML, CSS, and JavaScript as part of structured internship projects with real-world deliverables.
- Implemented responsive design principles to ensure optimal display across desktop and mobile devices.
- Applied version control best practices using Git, improving code collaboration and traceability.

Raspberry Pi & IoT Intern | *NSIC Technical Service Centre, Chennai* Jun 2023 | 1 Month

- Programmed Raspberry Pi boards and built an LED Display using a WiFi Controller Board (ESP8266), integrating hardware and software components.
- Acquired hands-on experience with IoT hardware integration, sensor communication, embedded system programming, and wireless protocol implementation.

PROJECTS

Stack Product Management System | *Node.js, Express.js, HTML5, CSS3, JavaScript, REST API* 2024

- Built a full-stack CRUD web application for product inventory management using Node.js and Express.js, featuring a responsive UI and structured data handling.

Portfolio Website | *HTML5, CSS3, JavaScript* 2024

- Designed and deployed a personal portfolio with responsive layout, smooth navigation, and cross-browser compatibility to showcase skills and certifications.

LED Display using ESP8266 | *Raspberry Pi, IoT, WiFi, Embedded C* 2023

- Engineered a WiFi-controlled LED display board using the ESP8266 microcontroller and Raspberry Pi, implementing wireless communication protocols for remote control.

To-Do List Web App | *HTML5, CSS3, DOM Manipulation* 2024

- Created a dynamic task management web app with DOM manipulation for real-time UI updates, clean UX design, and functional task-tracking capabilities.

EDUCATION

Bachelor of Technology in Information Technology | *K.S.R Institute, Tiruchengode, Namakkal* 2021 – 2025

- CGPA: 7.9 / 10

HSC – Tamil Nadu State Board | *Einstein Matric Hr. Sec. School, B. Komarapalayam* 2020 – 2021

- Score: 81.9%

SSLC – Tamil Nadu State Board | *Sri Vidya Mandhir Matric High School, Bhavani* 2018 – 2019

- Score: 80.9%

SKILLS

Frontend: HTML5 • CSS3 • JavaScript (ES6+) • React.js • Responsive Design • DOM Manipulation • Cross-Browser Compatibility • Web Accessibility

Backend & Frameworks: Node.js • Express.js • REST API • RESTful API Design

Documentation: Technical Writing • API Documentation • User Manuals • System Specifications • MS Word • MS Excel

Programming Languages: JavaScript • Java • OOP Concepts

Tools & Platforms: Git • GitHub • Version Control • Agile Methodology • Raspberry Pi • ESP8266

Areas of Interest: Frontend Development • Full Stack Development • Web Design • IoT • Cybersecurity

Languages: English • Tamil

CERTIFICATIONS

- OOPs in Java – Great Learning
- Frontend Development using CSS – Great Learning
- Foundations of Cybersecurity – Coursera
- AWS S3 Basics – Coursera

CO-CURRICULAR ACTIVITIES

- Attended workshop on IoT at Excel Engineering College – March 2022
- Won 2nd Prize for Paper Presentation at VYUGAM, AVS Engineering College – March 2024

EXTRA-CURRICULAR ACTIVITIES

- Won 1st Place in Cricket at District Level Competition – 2022
- Won 2nd Place in Handball at District Level Competition – 2020
