PROFESSIONAL SUMMARY

Computer Science Engineering graduate (2026) with strong CS fundamentals and hands-on full-stack development experience across React.js, Node.js, Express.js, and SQL/NoSQL databases. Built and shipped production-style applications end-to-end, including a role-based system with JWT authentication and relational data modeling. Experienced working in Agile, multi-person teams — participating in code reviews, debugging, and technical documentation during a full-stack internship. Fast learner with an ownership-driven approach, comfortable picking up new codebases and languages quickly.

SKILLS

- Programming Languages: Java, JavaScript, Python, TypeScript
- Frontend: React.js, HTML5, CSS3, Bootstrap, Material UI
- Backend: Node.js, Express.js
- Database: MySQL, PostgreSQL, MongoDB, SQL, Database Management Systems (DBMS)
- Other: REST APIs, JWT Authentication, Postman, Git, GitHub, Agile/Scrum, Object-Oriented Programming (OOP)

INTERNSHIP EXPERIENCE

Full Stack Developer Intern — Echo Digital Works *Nov 2025 – Feb 2026*

- Developed and tested full-stack web applications using React.js, Node.js, PostgreSQL, and Prisma as part of a multi-person engineering team.
- Built, tested, and validated REST APIs using Postman and SQL queries, ensuring data integrity and compliance with requirements.
- Collaborated with developers in an Agile environment, participating in code reviews and debugging — giving and receiving technical feedback.
- Documented technical processes and configurations to support ongoing maintenance and team knowledge sharing.

PROJECTS

Report Management System — React.js, Node.js, Express.js, MySQL, Bootstrap, Material UI

- Built a role-based automated report generation system with separate dashboards for Principal, HOD, Faculty, and Students.
- Implemented secure authentication and authorization using JWT, and designed a MySQL-backed relational schema for centralized data storage.
- Developed REST APIs (Node.js/Express.js) and a responsive React.js frontend for a consistent, user-friendly interface across roles.

GitHub: github.com/karthi2523/Report-Management-MEC

Red Angle – Business Management ERP & CRM — React.js, TypeScript, Node.js, PostgreSQL, Prisma

- Built ERP and CRM modules end-to-end across React.js frontend, Node.js backend, and PostgreSQL database, including business logic and data validation.
- Integrated REST APIs and wrote SQL queries for data validation, debugging issues through systematic testing.

LEADERSHIP & TRAINING EXPERIENCE

Department Student President — Muthayammal Engineering College *2024 – 2026*

- Coordinated technical symposiums and workshops, delivering training sessions and documentation across student and faculty teams.
- Served as a liaison between students and faculty, building strong communication and cross-team coordination skills.

EDUCATION

Bachelor of Engineering (B.E.), Computer Science and Engineering — Muthayammal Engineering College, Rasipuram, Namakkal, Tamil Nadu *2022 – 2026*

CGPA: 7.99 / 10

CERTIFICATIONS

- Oracle Certified Foundations Associate • AWS – Becoming a Cloud Practitioner
- NPTEL Certification – Distributed Systems • NPTEL Certification – Foundation of Cloud IoT Edge ML

SOFT SKILLS

Analytical & Problem Solving • Communication • Team Collaboration • Fast Learner • Adaptability • Attention to Detail
