EDUCATION

Schooling

Sengunthar Metric Higher secondary school, salem.

2016 - 2017

DIPLOMA

C.S.I Polytechnic College, Salem.
Diploma Mechanical Engineering,

2017 - 2020

ANNA UNIVERSITY

K.S.Rangasamy College Of Technology, Namakkal.
BE Mechanical Engineering,

2021-2024

SKILLS

- 3D Modeling
- Part & Surface Design
- Assembly Design
- 2D Drafting
- CAD Design With AI
- Microsoft Office

LANGUAGE

- Tamil
- English
- German

SUMMARY

Mechanical Engineering graduate with strong skills in CATIA V5, 3D modeling, and assembly design. Experienced in creating detailed part models and engineering drawings with a focus on accuracy and manufacturability. Passionate about product design and seeking an entry-level Mechanical Design Engineer role to contribute to efficient and innovative solutions.

PROJECTS

F1- Car Design

JAN - MAR 2026

Designed and developed a 3D model of a Formula 1 car using CATIA V5, focusing on aerodynamics and structural layout.

Engine Assembly modeling

MAR 2026

Designed and developed 3D models of key engine components using CATIA V5, focusing on accuracy, dimensions, and assembly fit.

Autonomous Delivery Drone

Feb-Mar 2026

Developed a drone design with basic autonomous capabilities by combining mechanical design and AI concepts.

HOBBIES

- Learning New CAD design With AI Techniques
- Reading About Mechanical Innovations
- Playing Simulation And Outdoor Game
- Exploring Nature
